# Super Gard™ Inflatable Vinyl Fenders

**NEW  
COLORS!**

Double molded  
black ends for  
added strength.

Rubber football needle  
valve for easy inflation  
and long life.

Eye hole accepts  
rope size up to 5/8"

Taylor Made Products has incorporated the latest in technology, design innovation, and attention to detail to bring you the finest looking, top performing protection for your dollar. Super Gard™ fenders are in a class of their own. Made from the highest quality marine grade vinyl, Super Gards™ feature a high gloss finish and double molded black ends for extra strength where you need it the most. Seamless one-piece construction with ribbed sides minimizes roll, and a molded-in valve ensures easy inflation and long life. Recommended inflation is 2 psi.

Valve seats are integrally  
molded into the fender,  
not glued in like the  
competition.

# Storm Gard™ Inflatable Vinyl Fenders

## True Color™

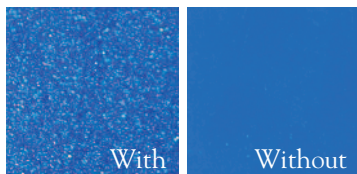

The Next Generation of Color

Patented Design!

Reinforced molded-in eyelets

You can see the difference!

Integrated color agents provide added luster in sunlight.

### PATENTED DESIGN

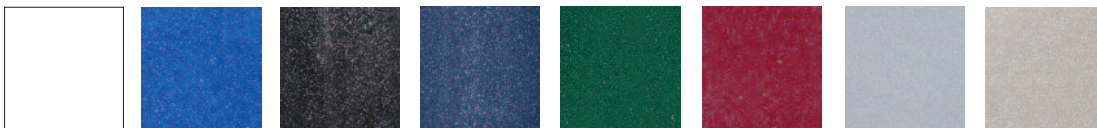

Pearlescent color process provides deeper richer colors.

Color matches depth of gelcoats on most boats.

Ribbed sides help minimize roll

Taylor Made Products introduces fender pearlescent color technology. Introducing Storm Gard™ colors to our inflatable vinyl fenders. These fenders are in a class of their own, and feature all the same great qualities and Life Time Guarantee as our standard Hull Gard®, Super Gard™ and Big B™ fenders. Recommended inflation is 2 psi.

# Big B™ Inflatable Vinyl Fenders

Marine grade vinyl lasts years in the sun.

Great for vertical or horizontal applications.

Rubber football needle valve for easy inflation and long life.

3/4" diameter center hole accepts up to 5/8" diameter rope for securing the fender.

The versatile Big B™ fender incorporates a Center Rope Tube that allows end-to-end line passage. It can be hung vertically or horizontally with a single line. Horizontal hanging is useful protection against pilings, awkward docking situations, and tidal change areas. Big B™ inflatable vinyl fenders feature seamless construction, with molded ribs to minimize roll. Big B's are made from the highest quality marine grade vinyl with a high gloss finish. Available in four sizes to fit a full range of boat sizes. Recommended inflation is 2 psi.

# Fender & Buoys

## Tuff End™ Fenders

Tuff End™ fenders are for heavy-duty marine applications. Constructed from the same flexible, resilient vinyl as our Super Gard, Big B, and Hull Gard fenders, the end in each Tuff End is injection molded for extra strength and reliability. The heavy-duty, no seam construction of Tuff End vinyl fenders withstands even the most punishing conditions..

- Recommended inflation is 2 psi.
- Now inflatable with any standard pump!

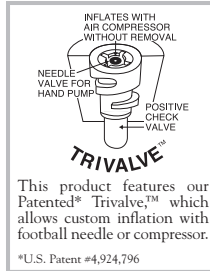

**Great for larger boats and rafting!**

Injection molded ends for high strength.

Valve located on the side of the fender for easy inflation.

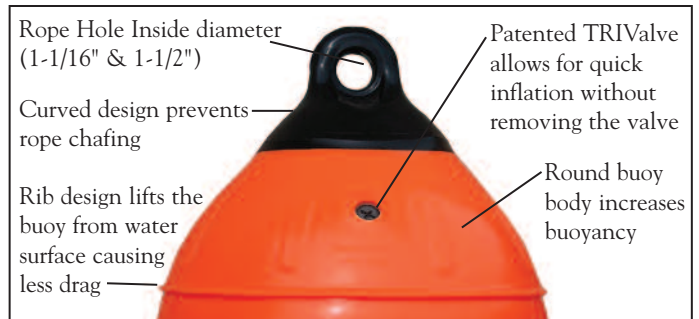

## THE SPOILER™ LOW DRAG BUOY

The secret of the SPOILER's™ success is a more rounded shape producing greater buoyancy and lower drag when compared to other well known makes. Ribbed design also helps keep drag to an absolute minimum. This unique design creates the turbulence necessary to lift the buoy from the water's surface generating up to 88% less drag.

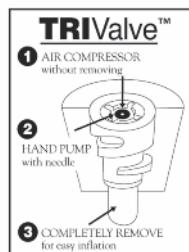

- **LESS COST** - Economically priced
- **MORE BUOYANCY** - 21% to 38% more than our competitors
- **MORE VISIBILITY** - Large surface area, non-fading Neon colors
- **LESS DRAG** - Up to 82% at 4.5 knots

## Built for the Long Haul!

- Recommended inflation is 2 psi.
- Now inflatable with any standard pump!

To order in one of the available colors below, add the color number as a suffix to the end of the item number. For example: 54003 = Yellow SPOILER buoy with 33" circumference. The different color codes are as follows:

# Commercial Buoys

## Tuff End™ Buoys

Tuff End™ buoys feature heavy-duty seamless construction to meet the punishing demands of the commercial marine industry. Tuff End™ buoy ends are made from injection molded vinyl tested to 2000 psi tensile strength, the strongest in the industry! Tuff Ends™ feature large line holes that will accept standard shackles and allow rope as thick as 1/2" or even 5/8" to be threaded through twice. The curved design hole prevents chafing.

Eyelet shape designed with a taper to allow the attachment of a standard shackle.

Patented Trivalve™ does not require removal to inflate. Now inflatable with any standard pump!

Injection molded ends tested to 2000 psi tensile strength.

Designed to perform under the most demanding conditions!

# Specialty Fenders

## Fender Cushions™

CAUTION: The Fender Cushions must never be used as life saving devices.

U.S. Patent #5,013,272.  
Design Patent #318,312.

The only fender specifically designed for maximum protection when rafting or tying up against solid walls. This unique rectangular cushion will provide greater protection from boats jarring into each other than conventional fenders. Six molded tubes provide crush resistance, and the exclusive channel design lends itself to “hugging” the boat. Fender Cushions™ are made from tough marine grade vinyl and feature an inflation valve for air pressure adjustment. Fender Cushions™ may be hung vertically or horizontally. They make great piling cushions and are extremely comfortable as seat cushions.

### 3 Sizes to Fit All Boats

Stock No.	Length	Width	Diameter
#46090	15"	15"	6-1/2"
#46095	20"	20"	7-5/8"
#46100	26"	26"	9-5/8"

## Low Freeboard Fenders

The first boat fender to address the needs of low freeboard boats. This newly redesigned square Low Freeboard fender holds the fender in position better and prevents it from rolling out of place. Shaped to protect the gunwales and rubrail, the Low Freeboard fender offers superior protection compared to regular fenders against high docks. Low Freeboard Fenders can be tied over the cleat to position it higher on the boat, putting protection where it is needed. Made from specially formulated tough marine grade vinyl and features an inflation valve for air pressure adjustment. Standard size measures 14" long and larger size measures 23" long for increased hull protection.

**Patented Design!**

Stock No.	Color	Diameter	Length
#31005	White	5"	14"
#31006	Metallic Black	5"	14"
#31055	Metallic Red	5"	14"
#31043	Camouflage	5"	14"
#31007	White	7"	23"
#31008	Metallic Black	7"	23"

U.S. Patent #5,671,692

## Modular Flat Fenders

Made from closed cell EVA, these fenders will not puncture or absorb water. Their flat design keeps them from rolling or riding up. They can be fastened together with our hook and loop strap to create a modular system. Easy to store, these fenders can also double as a knee pad or seat cushion.

Stock No.	Color	Size (LxWxD)
#311	Blue	20" x 8" x 2"

#318	Gray	36" x 12" x 3"

# Specialty Fenders

## Transom Fender

Uniquely shaped to fit the stern of a sailboat or the edge of most swim platforms up to 4" thick. An integral 3/4" diameter tube allows a securing line to pass from end to end while a contoured shape helps 'grip' the fendering location. Made from soft, flexible vinyl. Rubber football inflation valve to adjust the level of firmness to satisfy all applications.

Stock No.	Size
#56090	10" x 22"

U.S. Patent #6,477,973

## PWC Fender

Designed to custom fit the profile of most PWCs. The fender bottom is shaped to "hook" under the bond flange for quick attachment. Flex areas on the fender provide a "hinge" action that allows the fender to conform to the shape of the watercraft. The PWC fender features an inflation valve for air pressure adjustment and includes a suction cup and securing line.

U.S. Patent #6,021,729

## Classic Mermaid Fenders

No boat is complete without the lady on board. Made from soft white vinyl with inflation valve. Measures approximately 5" x 22"

Stock No.	Color
#34444	White
#34460	*Pink

## Water Ski Marker Buoys

Made from PVC these lightweight but durable inflatable buoys will mark your slalom course in accordance with the AWSA specifications (American Water Ski Association.) Each buoy has a molded-in loop to fasten anchor line and contains an inflation valve for air pressure adjustment. Buoys measure 9" in diameter, with a 1/2" eye hole.

Green Stock No.	Red Stock No.	Yellow Stock No.	Approx. Buoyancy (lbs.)

## Personal Watercraft Buoys

This multi-use rugged float can be used as a pick-up buoy, marker buoy, or fender. Makes a great marker for water ski events and can be used as a fender for personal watercraft. Available in white or high visibility fluorescent colors. Taylor's unique double color system incorporates a "back-up" color that resists fading. Taylor fluorescents will retain their color long after the competition's has faded away. Buoys measure 8" diameter with an approximate buoyancy of 8 lbs.

## Tidy-Ups™ Fender Adjuster Kits - To Match Taylor Made® True Color™ Fenders

The finest looking, top performing fender adjusters available. New Tidy-Ups™ Kits include (1) Tidy-Ups™ Fender Adjuster and (6) feet of 3/8" solid braid polypropylene rope. Made from high quality marine grade components, they are quick and easy to use. Simply snap adjuster over your lifeline, railing, or stanchion and set fender height in an instant. Polypropylene rope is color matched to your Taylor fender (available in 7 colors). It will not fade or kink, and is mildew and rot resistant. A pre-spliced and professionally finished end allows your fender to be tightly secured without hard to untie knots.

## Oversized "J" Hooks

- Fits all standard 1" or 1 1/2" railings for Taylor Made stainless steel fender racks.
- Sold in single packs.

Stock No.	Description
#32191	Oversized "J" hook, fits 1" - 1 1/2"

# Fender Accessories

## Vertical Rail Fender Hanger

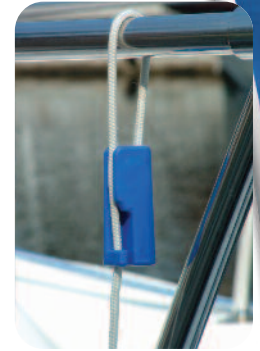

Finally a fender hanger for vertical rails! Made of tough nylon, this fender hanger attaches to rails 7/8" to 1" diameter with 2 screws and then grips the fender rope with its heavy-duty teeth making rafting and docking easier than ever. Accepts rope size up to 5/8".

Stock No. #1099

## Quick Knot™ Fender Hanger

Tired of tying knots? This easy to use fender hanger allows the quick placement of fenders anywhere there is something to tie off to, without having to tie a knot. The rope is threaded through the quick knot's heavy-duty molded nylon system, hanging the fender quickly and securely. No need to waste time with cumbersome and unsecured knots! Perfect for 1/4" rope.

Stock No. #1098 - sold 4 per pack

## Rail Mount Fender Line Clip

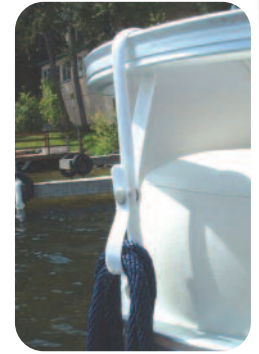

- Injection molded polyethylene clips that mount securely to your 7/8" railings.
- Use for hanging fenders, holding power cords etc...
- Sold in pairs

Stock No. #1093

## Line Hanger

Keep loose lines and power cords neatly in place. Durable PVC mounting band snaps over any rail, lifeline or stanchion. Snap the bottom section around your coil of rope or cord to secure. Measures 9 1/2" in length.

Stock No. #1006

## Ratcheting Fender Hanger

Constructed from 3/4" polyester webbing with UV protection. This unique hanger allows you to adjust your fender height from 6" to 24". Simply loop the strap over any size rail or lifeline, feed end of strap through fender eye or tube and pull strap through buckle to desired length. Slide tab into release buckle until you reach the tightness around your rail or lifeline that you desire.

Stock No. #1089

## Rail Fender Hanger

Made from injection molded, high impact and UV resistant nylon. This unique design makes it easy to adjust fender heights and locks in place with a jam cleat - no knots. Uses 1/4" to 1/2" line.

- Finger tip adjusting
- Durable
- Flexible
- No moving parts
- Secure

Stock No.	Description
#1108	Fits up to 1" rails
#1109	Fits up to 1 1/4" rails

## Hand Pump with Hose Adapter

- Compact hand pump for filling fenders, rafts, etc.

Stock No.	Description
#1005	Hand pump with hose adapter
#31010	Pack of 3 inflation needles

## Twin Engine Port & Starboard Key Chain Floats

Keep your keys afloat with our red and green, port and starboard, mini fender key chain floats. Quickly identify your port and starboard engine ignitions with the bright red (Port) and neon green (Starboard) key chain fender floats.

Stock No. #2059

# Fender Accessories

## Hook & Loop Fender Strap

- A quick easy way to adjust the height of your fenders!
- Simply loop through fender, pull strap through, buckle to desired length and secure.
- Made from 3/4" Polyester webbing with UV protection and marine grade Hook & Loop fasteners.

Stock No. #1094 Length: 36" (sold in pairs)

## Big B™ Fender Hanger

- Injection molded reinforced nylon for strength.
- Vented to prevent water accumulating in fender tube.
- Professional "finished" look.
- Fits 3/8" diameter rope.

Designed for use on Taylor Made fenders with 3/4" I.D. tubing. May be used on other brands; but due to variation among brands the consumer must verify a tight enough fit between the tube and product for proper function (Center tube must be small enough to keep the product halves firmly together).

Stock No. #1085 - Sold three (3) per pack

Stock No. #11085 - Table top merchandiser (36 pk.)

## Rail/Lifeline Fender Bracket

- Injection molded nylon clamp brackets mount securely to 7/8"-1" railings or up to 1/4" lifelines.
- Double locking clamp design provides for a quick and easy fender height adjustment.
- Use on 1/4" - 5/16" Rope.
- Sold in pairs.

Stock No. #1097

## Lifeline Fender Clip

- Injection molded polyethylene clamp brackets mount securely to your 3/16" to 1/4" lifelines.
- Use for hanging fenders, holding power cords etc...
- Use on 3/16" - 1/4" Rope.
- Sold in pairs.

Stock No. #1096

## 1/2" Stainless Steel Fender Lock

Taylor Made Products has designed a larger version of it's best selling 1010 Fender Adjuster. Stainless Steel construction, adjustment peg, and fastening screws ensure many years of dependable service in the harsh marine environment. The "one-way" locking peg provides secure and reliable mounting and allows the use of up to 1/2" diameter rope. Mounting hardware included.

Sold individually.

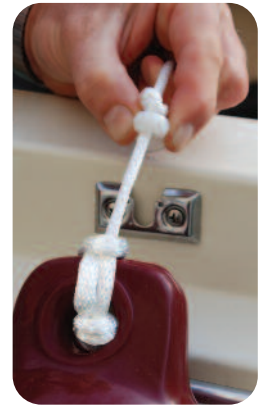

Stock No. #1001

## Traditional Stainless Steel Fender Lock

- These low profile fender lock bases make hanging fenders fast and easy.
- Available with fixed or adjustable fender pegs. Mounting screws included.
- Accepts rope sizes up to 1/4".

Stock No.	Description
#1010	One lock and peg
#1009	Extra peg
#32115	Adjustable fender lock set
#32116	Adjustable peg only

## Ready Cleat®

A portable instant cleat that is used as an insert to the rod holder, when a fender is required for docking and no permanent cleat is available along the beam in the cockpit of a boat. ReadyClea® is inserted into any standard size rod holder, up to 9.5" in depth, providing an instant fender cleat ready for action. Made from high-impact glass fiber reinforced Lexan to withstand the harsh marine environment.

Stock No.	Measurement
#1084	3 1/2" x 14 1/2"

**An instant portable cleat whenever one is needed!**

# Fender Boots

## Premium Fender Covers

- Made from 100% Premium Polyester knit fabric looks great and lasts season after season.
- Constructed to fit most fender styles and sizes. Refer to sizing chart to choose the right cover for your fenders.
- UV protected, abrasion and mildew resistant to hold up in the harsh marine environment.
- These heavy weight fender covers protect your hulls finish and help to prolong the life of your fenders.
- With proper cleaning your fender covers will last for many seasons. Washable in cold water and mild detergent.

# Life Rings

All Rings Meet USCG Approval - For Both Recreational And Commercial Use

## Life Rings

Inspected and tested in accordance with U.S. Coast Guard regulations. All rings contain unicellular polyurethane foam for buoyancy. Floating polypropylene grab lines contain UV stabilizers to enhance sunlight resistance. PE and vinyl skin versions feature molded-in becket design, vinyl coated foam versions use sewn beackets to secure grab line. Choose between vinyl coated foam, or tough, hard shell polyethylene skin. SOLAS approved models equipped with reflective tape.

## Eco Blast™ Rechargeable Air Horn and Kit

Just pump in new air! The refill valve of the Eco Blast air horn lets you recharge using a Taylor Made® Mini Air Pump or any bicycle pump, service station air pump or air compressor. In seconds, Eco Blast is again ready to emit a powerful 120 db signal that meets all U.S.C.G. requirements. Eco Blast beats out chemical horns, too, because it operates in all weather and temperature extremes...can be safely stored or used near a heat source...works in any position...and leaves no rust rings on surfaces. Plus, with Eco Blast there's no worry about a potentially harmful chemical escaping into the environment.

Stock No.	Description
#616	Eco Blast - horn only
#618	Eco Blast kit (w/Air Horn & Hand Pump)

**NEVER buy an expensive refill canister again!**

## Eco Blast™ Mini Air Pump

Our versatile Mini Air Pump is always handy to have around. Use it to quickly refill your Eco Blast Rechargeable Safety Signal Air Horn. Or to inflate boat fenders, bicycle tires, rafts, water toys and more. The Mini Air Pump comes with two interchangeable valves for adaptability and generates up to 100 psi of pressure. Easy to use, stores anywhere!

## Life Ring/Ring Buoy Letter Kit

Now you can customize your life ring with our Taylor Made Lettering Kit. Package includes 2" black letters and numbers (4 ea.) plus symbols. Constructed from waterproof marine grade 4 mil vinyl, resistant to fuel, chemicals, fading and scratching. Application template included.

Stock No. #600015

# Sur-Moor™ Mooring Buoys

## Sur-Moor™ T3C™ Mooring Buoy

Hardware NOT Included

Sur-Moor™ hard skin mooring buoys have a seamless and tough, one-piece polyethylene shell. Hard skin shells feature ultraviolet light absorbers for long-term life under the sun, and have a sandblasted finish which allows the buoy to be easily painted for identifying. Filled with closed cell foam to positively displace water. Tube-Through-The-Center design allows the anchor chain to pass directly through the buoy, allowing you to attach your boat to the top of the buoy, making mooring much easier. **Hardware not included.**

Stock No.	Tube Diameter	Buoy Diameter	Circumference	Approx. Buoyancy† (lbs.)
#46370	2"	12"	38"	30
#46371	2"	15"	47"	60
#46372	2-1/2"	18"	57"	100
#46374	2-1/2"	24"	75"	240
#46375	3"	30"	95"	460

**Three-year flotation warranty on all hard skin buoys**

Flanged collar made from rigid PVC tubing. Blue stripe is reflective for nighttime visibility.

## Sur-Moor™ Shackle Buoy

Shackle & Hardware NOT Included

The rope nest design has a built in cup shape at the top of the buoy that allows the anchor shackle to nest below the buoy surface. This recessed area helps shield the shackle from contacting the boat hull while making a convenient nesting place for the pennant line when the boat departs from the mooring. The hard-skin polyethylene shell is UV protected to resist the weathering effects of sunlight and is foam filled to positively displace water. Hard skin shell now has a sandblasted finish which allows the buoy to be easily painted for identifying. Tube-Through-The-Center design with blue reflective striping. **Hardware not included.**

Stock No.	Tube Diameter	Buoy Diameter	Approx. Buoyancy†(lbs)
#46818	2-1/2"	18"	100 lbs.

† Buoyancy rating: The number indicated is the maximum flotation the buoy provides while fully submerged. 50% of this value will be the weight the buoy can support at the level of the blue stripe.

## Sur-Moor™ Taper Buoy

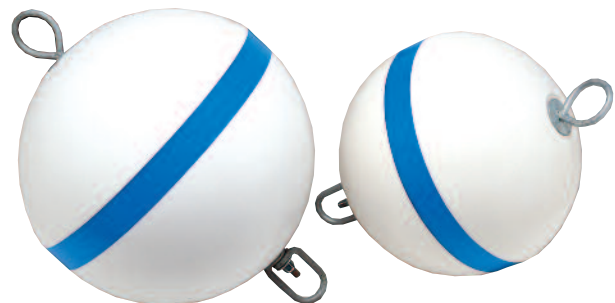

Hardware NOT Included

The Sur-Moor™ taper shape design places more flotation area at the waterline creating a higher visibility mooring. The hard-skin polyethylene shell is UV protected to resist the weathering effects of sunlight and is close cell foam filled to positively displace water. Shell has a sandblasted finish which allows the buoy to be easily painted for identifying. Available in the Tube-Through-The-Center design with blue reflective striping. **Hardware not included.**

Stock No.	Tube Diameter	Buoy Diameter	Buoy Height	Approx. Buoyancy†(lbs)
#46718	2-1/2"	18"	16-3/4"	70 lbs.

#22174	24"	75"	240

**Three-year flotation warranty on all hard skin buoys**

# Sur-Moor™ Buoys

## Mast Buoys

- Perfect as a pick-up buoy and ideal for all diving applications.
- Newly designed 5/16" diameter pultruded fiberglass mast with PVC outer layer adds strength, flexibility and no more fiberglass shards to become exposed.
- Float is sealed Urethane foam - provides great floatation and years of service.
- Corrosion resistant HDPE (high density polyethylene) coated cast metal weight that will not scratch or mar your boat's finish.

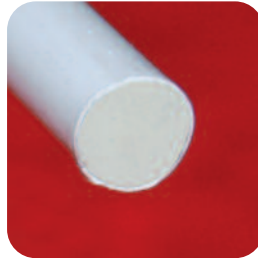

Stock No.	Mast Length	Approx. Buoyancy (lbs.)
#22105	48"	6
#22106	74"	6
#22126	96"	6

Cast weight with HDPE coated outer layer.

Solid Urethane foam float.

Fiberglass Mast with PVC outer layer.

No more fiberglass slivers!

## Sully Stick™ Winter Stick

A long tapered buoy used in place of a standard round mooring buoy during the winter months. The Sully Stick is close cell foam filled to positively displace water. The base eyelet is reinforced with a galvanized metal bushing to attach a rope and connect to the anchor chain. The shape of the Sully Stick helps it escape ice entrapment better than a round buoy and can extend the useful life of a mooring buoy by protecting it from the damaging effects of freezing temperatures.

Stock No.	Diameter	Length	Pick Up Eye	Anchoring Eye	Internal Ballast	Visibility above Waterline	Approx. Buoyancy†(lbs)
#22120	6"(widest point)	31"	None	1.5" Molded hole	none, requires 6.5lbs chain wt. to stand vertical	18"	15 lbs.

#950410	Red Sur-Mark Nun	49"	10"	18"	40	39"

NOTE: Orange marking tape included. Label sold separately.

## Regulatory Buoys

Taylor Made Products manufactures the most rugged and complete line of navigational buoys in the United States. We have been meeting the stringent requirements of states, municipalities, and private harbors for many years. Our buoys are used in the toughest applications.

Three-year flotation warranty on all hard skin buoys

Regulatory buoys feature rotationally molded high density polyethylene shells that are UV stabilized. The rotational molding process allows for uniform wall thickness without the internal stresses that cause cracking over time and under extreme temperature changes. This process imparts tremendous impact strength to the shell.

Stock No.	Description	Overall Height	Max. Diameter	Approx. Buoyancy (lbs.)

## Solar LED Warning Light

- Solar powered light charges during the daylight hours and automatically turns on at dusk to alert boaters of hazards.
- Easily attaches to buoys, docks, moorings, or anything else that needs night time identification with 1/4" diameter hardware.
- Designed to fit on top of Sur-Mark Buoy #46104. Well nuts are recommended for buoy mounting.
- The lights comes equipped with three flash modes built in (15, 30, 60 flashes/minute).
- Unit is constructed with a tough, waterproof (not submersible) plastic housing to keep the light working in all conditions.
- Replaceable AA NiMH batteries (2 per light)

Stock No.	Color
#46105	Amber
#46106	White
#46107	Red
#46108	Green

All lights come with clear lens.

NOTE: Check with the local agency governing your waterway before installing.

## Sur-Mark™ Buoy Labels

- Fade resistant, self-adhesive vinyl marker labels.
- Brightly colored for high visibility.
- Two labels required per buoy (sold in pairs). Orange tape not included.
- Each label is 13W x 24"L to fit either Sur-Mark™ or Sur-Mark™II.
- All labels are warranted for 5 years against weathering or fading.

# Mooring Whips

## Standard & Premium Mooring Whips

Mooring whips are a safe way to protect your boat against costly dockside and seawall damage. The Mooring Whip system pulls your boat a safe, convenient distance away from the dock thereby protecting it from the damaging forces of waves, wind, tides and wakes. Mooring Whips are made of high quality solid fiberglass poles, aluminum-magnesium base units, tips, and mooring whip lines. Each set comes complete with all of the hardware necessary for installation. Standard Mooring Whips and Premium Mooring Whips are sold in pairs. The PWC Mooring Whip is a one-pole system with a flush mount base and is commonly used on swim platforms.

Tips allow your boat to return to the dock effortlessly when you want to board.

### Standard Mooring Whips

**DESIGNED FOR:**

- Fresh or Salt water use
- Moderate wake areas
- Minimal tide areas

Standard Mooring Whips are equipped with fixed angle bases with a 60° angle, 1 3/16" dia. fiberglass pole and are most commonly used for ski boats, runabouts, center consoles, and bass boats.

### Premium Mooring Whips

**DESIGNED FOR:**

- Salt water use
- Large tidal areas
- Ideal for Large Boats

Premium Mooring Whips are equipped with unique rocker arm bases that return the whip poles to the vertical position when not in use and 1" dia. fiberglass poles. These are ideal for sailboats and larger, heavier or high profile boats.

Stock No.	Mooring Whip Description	For Boat Sizes Length/Weight
MW.080	Fixed Angle Base 8'	Up to 20' / to 2500 lbs.
MW.120	Fixed Angle Base 12'	18' to 23' / 2500-5000 lbs.

PMW.1600	Rocker Arm Base 16'	34' to 46' /20000-36000 lbs.
PMW.1800	Rocker Arm Base 18'	47' to 56' /36000- 48000 lbs.

## BoatGuard® Mooring Whips

**DESIGNED FOR:**

- Fresh water use
- Low wake areas
- Non tidal regions

**Specifically designed for boats up to 25 ft and under 10,000 lbs**

Base is injection molded from high impact reinforced plastic for incredible strength and durability.

Taylor Made Products now provides a more economical way to protect your boat in higher wake areas. Designed with the same tough standards as our fixed base and our premium Mooring whips, these new whips provide the "safety zone" between dock and boat for many types of docking applications. Unlike the competition, Taylor uses a large (3/4") diameter solid fiberglass pole that withstand rugged environments and provide that spring action to keep your boat safely away from the dock. CAD designed Whip Base is injection molded from high impact reinforced plastic for incredible strength and durability. Sold as pairs and include all lines and hardware to complete the installation.

**Note:** When determining whip model weight is more important than length. Some docking conditions may be too rugged for this product.

70064-03F	Standard Fixed Angle Mooring Whip Base
70066-03F	Premium Rocker Arm Style Mooring Whip Base

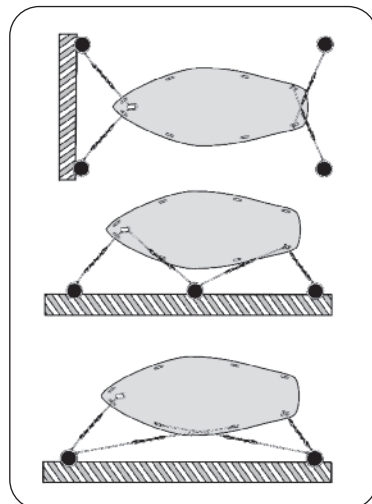

## Rubber Mooring Snubber Mooring Line Shock Compensator

Made from super elastic isoprene natural rubber. Our NEW design eliminates the self-locking internal system, which caused unnecessary stress on the dock lines. These LineSaver Mooring Snubbers prevent mooring line breakage along with compensating for sudden jolting and excess stretching of lines beyond parting strength. The LineSaver also provides maximum protection against the stress caused by wind, waves, and wakes.

- Absorbs dock line loads and increases dock line life.
- NO tools needed to install.
- 3 sizes to match line diameter.

**NEW Improved Design!**

Stock No.	Fit Line Size
#307	3/8"
#308	5/8"
#309	3/4"

# Dock Pro™ Vinyl Dock Edging

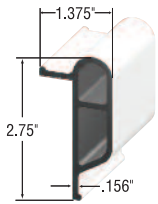

## Heavy Duty Double Molded Profiles

Double molded vinyl dock edging is molded twice then molecularly bonded for extra durability and protection. A tough inner core is surrounded with our soft white vinyl for extra cushion against tough docks. Each piece installs easily to the edges of dock piers or floats with screws or nails. Available in our four most popular profiles and a full range of lengths.

Taylor Made Green Solutions

HD Double molded and Commercial Grade Edgings are made from 85% recycled material

## Commercial Grade Double Molded Profiles

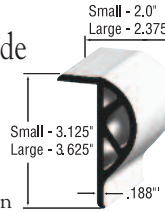

Added to its line of heavy-duty double molded PVC dock edging are (3) Commercial grade profiles. Dock builders, marinas and even a few larger boat owners asked for profiles with heavier wall sections to provide greater protection for their applications. Made from the same quality marine grade resins and with the same double molding process as our existing products.

#96027	1/8 lb. stainless
#96028	1/8 lb #6 galvanized
#95999	1/2 lb. stainless

## 90 Degree Vinyl Corner Bumper

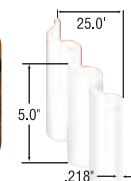

Made from the same tough PVC as our dock extrusions, this 90 degree corner (outside) will protect your boat from this critical point. Inside structural ribs provide the impact resistance you need while it's flush fit side sections give your installation the "finished" appearance. The 90 degree cut fits flush with the Large Commercial P-Shape (above). Inside dimensions cover 6" each side.

Stock No.	Description
#46015	90° Corner 6"x6" White
#46016	90° Corner 6"x6" Black

## The "Wave"

The "Wave" shape is 1/4" x 5" wide. This profile is a heavy-duty PVC strip that is designed to completely cover the sides of your dock. Form this flexible extrusion into a "wave" or loop shape and nail it down. By doing so, you create a bumper grid with superior shock absorbing and protective ability. The "Wave" is available in a 25 ft. coil and comes complete with mounting nails. 25 ft. coil will protect approximately 18 ft. of dock space.

Stock No.	Description
#46069	25' Coil

# ClearVue™ Vinyl Dock Edging

**PATENT  
PENDING**

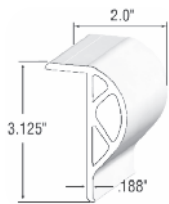

## ClearVue™ Dock Edging

Taylor Made is adding to its line of protective dock edging. The first dock edging made entirely of clear PVC, allowing the natural beauty of a wooden dock to stand out. We've taken our most popular profiles; suitable for a wide variety of docking applications and made them clear. They still have all the great properties of the existing line in providing unparalleled protection for your boat, non-marring, holding up- to UV and mildew but now you don't have the typical white or Black strip along the dock. Also, because the PVC is clear, we're offering the Standard "P" shape edging that includes an interior mounted solar powered LED rope light. Patent Pending

### Small Commercial P-Shape

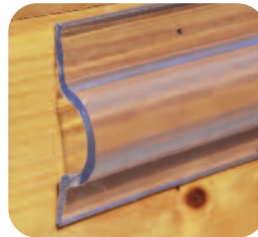

This heavy duty commercial grade profile includes heavier wall sections and reinforcing ribs. Ideal for Dock Builders, Marinas and even owners of larger boats – providing the extra protection required for these applications.

Stock No. #45970 - 10' Coil

### Standard C-Shape

This versatile extrusion can be mounted both vertically and horizontally to nearly all dimensional lumber sizes. It has been designed to function either as a side guard profile or as an edge guard for light- to medium-duty applications.

Stock No. #45973 - 10' Coil

### Standard "P" Shape

Traditional "P" Shape for light to Medium dock edge applications. Light weight and easy to install and provides excellent protection for your boat.

Stock No. #45971 - 10' Coil

### Standard "P" Shape w/LED Solar Light Strip

Integrated within the Standard "P" Shape profile is a solar powered LED light rope

**Now available  
with installed  
LED Lighting!**

- 4.5V 2.5W Solar Panel
- White LEDs spaced about 2" apart.
- Replaceable lithium batteries
- 6 ft lead from panel to light allows for higher installation on post or piling.
- Lighting time up to 12 hours with full charge.

Stock No.	Description
#45972	10' Coil w/light
#46302	10' LED Rope Light

This Standard "P" Shape and Premium Side Gard profiles have the same great qualities as our heavy-duty and commercial grade double molded profiles. To give you the extra durability and protection you need dock side. Installs easily with screws or nails.

### Dock Pro™ Standard "P" Shape

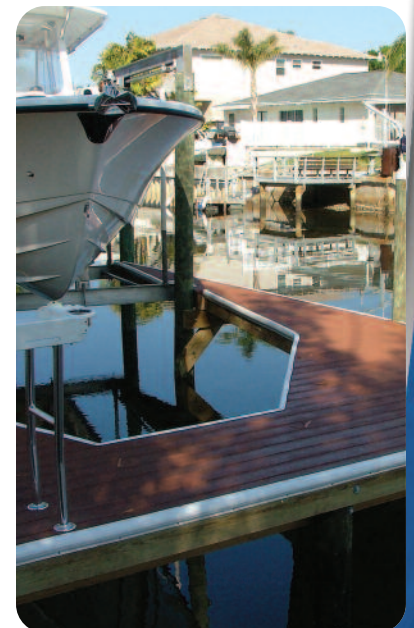

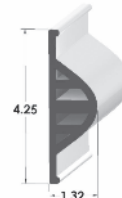

Stock No.	Description

#45990	Black 10' Coil
#45991	White 10' Straight
#45992	White 10' Coil

# True Color™ Vinyl Dock Edging

The Next Generation of Color

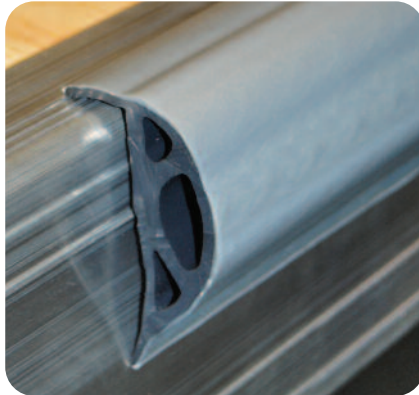

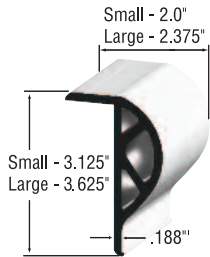

Taylor Made Products is adding to its line of protective dock edging. It is the first dock edging made to match the aluminum docks that are becoming more popular. We've taken our most popular profiles; suitable for a wide variety of docking applications and made them silver! Using our True Color™ technology to color match aluminum docks in any setting. They still have all the great properties of the existing line in providing unparalleled protection for your boat, non-marring, holding up- to UV and mildew but now you don't have to use the typical white or black on your new aluminum dock.

Taylor Made Green Solutions

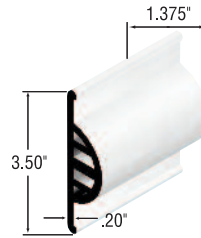

HD Double molded and Commercial Grade Edgings are made from 85% recycled material

# Dock Gard™ EPDM Dock Products

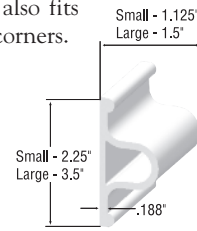

Taylor Made Products offers a line of EPDM rubber edging for docks and piers. EPD rubber is designed to withstand the harshest of environments, and is soft enough to cushion your boat from the dock or pier. At 70 Durometer this new premium line of dock edging starts softer than vinyl, and stays flexible when exposed to UV, offering uncompromising longevity.

## “D” Profile

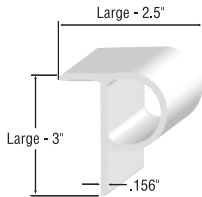

A convenient way to protect the edge of the dock. Not only easy to install, but it also fits snugly around the radius of the dock corners.

Stock No.	Description
#96000	6' Length - Small
#96001	6' Length - Large
#96017	6' L Small Retail Pkg.
#96018	6' L Large Retail Pkg.

## “P” Profile

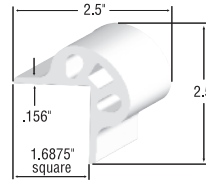

The “P” profile is designed to attach to the top of the dock and wrap around to also protect the side of the dock. Two different sizes to best suit all applications.

Stock No.	Description
#96040	6' Length

## Top-Side Profile

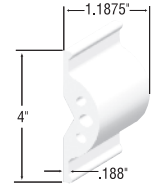

This edging offers protection for your boat right where you need it most. The Top-Side profile not only covers the side of dock, but it also protects the top as well.

Stock No.	Description
#96038	6' Length

## Heavy-Duty Side Profile

Specially designed edging can be used as side protection for docks, or for vertical protection on pilings.

Stock No.	Description
#96037	6' Length

## Corner Guards

Made from the same great rubber material as our dock extrusion. Use with our dock strips for complete protection.

Stock No.	Description
#96008	2-1/4" x 6" corner
#96009	3-1/2" x 6" corner

## Chafe Guards

Made from our strong, abrasion resistant rubber. Slides through chocks to protect your lines. Measures 14" long. Sold in pairs.

Stock No.	Description
#96013	for 1/2" – 5/8" lines
#96014	for 3/4" line

## Fender Board Guards

Attach these rubber cushions to both ends of a 2" x 4" to give you a padded fender board. Measures 4.25" long.

Stock No.	#96011
-----------	--------

## Rubber Chair Tips

Non-marking rubber tips are great for use on deck chairs, boarding ladders, boat hooks, etc. Sold in packages of 4 tips.

Stock No.	Description
#96024	Fits 7/8" tubing
#96025	Fits 1" tubing
#96026	Fits 1-1/8" tubing

## Rubber Spreader Boots

- Fits quickly and easily over the stay and spreader end.
- Made from soft yet tough white synthetic rubber.
- Protects the rigging connections
- Eliminates clumsy, temporary taping
- Reduces sail chafing, drag and tearing
- Molded in split form

Stock No.	Desc.	Measurements	Spreader Insert Size
#960025	Small	4 5/8" x 2"	1/2" - 1 1/2"

## Corner Bumpers

Although most Perimeter Dock & Post bumpers are flexible enough to mount around curves, our customers have requested standard corner bumpers to create a "finished", "quality" look to the 90 degree outside corner of the dock. Our corner sections are designed to match up perfectly with our medium, large and X-large Dock Bumpers and extend 12" along each side of the dock from the corner point. Mounting flanges are incorporated both top and bottom for secure installation.

Stock No.	Description	Length
CB3.20	Medium Corner Bumper	3" x 12"L
CB4.20	Large Corner Bumper	4" x 12"L
CB6.20	X-Large Corner Bumper	6" x 12"L

## Removable Post Bumpers

Made out of the same high quality materials as our Dock and Post Bumper, Perimeter Removable Post Bumper comes equipped with polyester webbing (53" long) and a heavy-duty Derlin buckle system which allows for a quick, easy and secure installation. Simply wrap the webbing around the piling, snap the buckle and pull tight. When you're ready to depart, simply unbuckle and stow away.

- Protect your boat at unfamiliar or unprotected docks.
- Stays in place better than fenders.
- Great for temporary docking or portable docks.

## Gunnel Guard

3/4-Round  
Gunnel Guard

Half-Round  
Gunnel Guard

**Perfect for Whalers, dinghies,  
swim steps and more!**

Flexible cushion and tabs allow for easy attachment with screws and washers. Larger sizes commonly used for work boats, launches and other heavy-duty applications. Sold by the foot or in 50' self dispensing display boxes.

**RECOMMENDED ATTACHMENTS** – To best install your Gunnel Guard, drive self-tapping (or self-drilling for fiberglass) 1/2" stainless steel #6 Phillips screws with stainless finishing washers through each tab every 3"-4".

- Polyester covered, not cotton canvas.
- Wears over 10 times longer than similar products.
- Will not rot in the sun or mar your boat.

## Perimeter® Lifeline Cushions

Inner cushion provides a comfortable, yet sturdy backrest. Simply thread your lifeline through the center of these polyester-covered foam cushions. Blue lifeline cushions use a Sunbrella® cover which will match your sail covers.

Stock No.	Description	Length
LC150.30	Lifeline Cushion (Pr.)	3'
LC150.45	Lifeline Cushion (Pr.)	4.5'
LC150.60	Lifeline Cushion (Pr.)	6'
LC150.60BU	Blue Lifeline Cushion (Pr.)	6'

- Make your lifelines a better backrest.
- Polyester covered, not bare foam!
- Won't discolor, fade or rot in the sun
- Cleans easily with liquid soap.

## Chafe Guard

Superior abrasion resistance. Standard sizes sold in pairs with UV-resistant ties to secure installation.

- Prevent wear and tear on your mooring and dock lines.
- Don't lose your boat in a storm due to lack of a chafe guard!
- Easily fits through chocks, will not split or rot in the sun.
- Polyester textile, NOT PVC, vinyl or rubber.

## 24" Dock Roller Wheel - Rigid

Plastic dock wheels are designed for roll-in docks and boat lifts. Made of heavy duty, rotomolded plastic. Large diameter rolls easily on all terrains. Designed for maximum strength with no maintenance requirements. Pre drilled with drain holes.

- Molded from UV stabilized polyethylene.
- 24" Diameter with a 8" tread width.
- Fits axle sizes 1.60" to 1.90" diameter.
- 800 lbs. load rating

Stock No. #1224

## 14" Dock Post Guide Wheel - PVC

Flexible PVC dock wheels are designed to rotate around standard 1.5" dock pipe. Made of heavy duty marine grade vinyl with wear resistant center axle bushing. Wheels can be placed over standard 1.5" diameter pipe for use as free floating boat guides or can be mounted to any custom dock bracket which uses 1.5" diameter pipe. Wheels can be stacked together for added protection.

- Molded from UV resistant, Marine Grade Vinyl.
- 14" diameter with 2" inside diameter reinforcement bushing.
- Inflation valve to adjust firmness.

Stock No. #1214

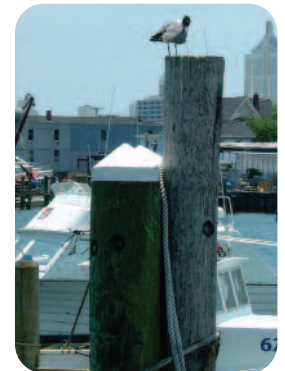

## Piling Caps

Made from heavy duty polypropylene, these piling caps will discourage birds from sitting on top of your pilings. Available in 6 diameters to best fit your needs.

## Dock Pro™ Dock Cart

Curved handle design reduces bending-over, making the Dock Pro™ dock cart easier to handle than conventional carts, while the unique angled tub feature provides better leg clearance for maneuvering. The Dock Pro™ dock cart, with its maximum load capacity up to 300 lbs., is simply the easiest way to carry all your gear from the car to the boat. Features a spacious 7 cu. ft. (47"L x 23"W x 13"D) heavy wall roto-molded poly-tub that will not rust or rot. Zinc-coated corrosion resistant hardware used throughout. Plastic rim wheels with roller bearings will stand up to the harshest marine environment.

  - 3/8" washer & 5/8" washer
- American National Standard Type A plain washers (series W)

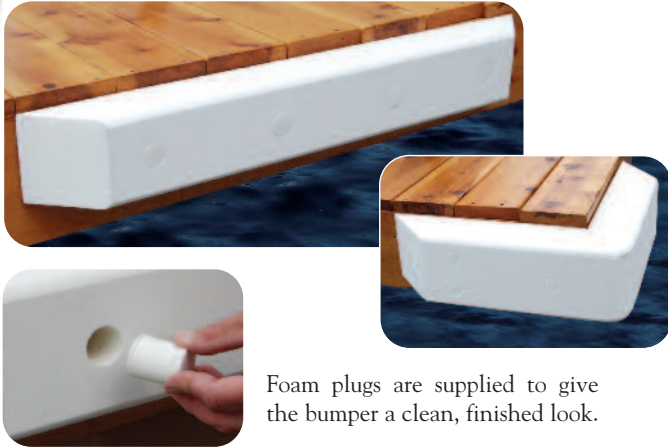

# Dock Products

## Dock Cushions

Hybrid construction means soft compressible foam where you want it and tough high density foam where you need it. The inner core of the new foam bumper is a lower density EVA foam (2.8 pounds per cubic foot) and the outer (front and back) pieces are tougher, higher density PE foam (8.7 pcf). UV protected foam material is maintenance free, non-marring and provides superior cushioning from impact. Designed for both horizontal and vertical applications, dock cushions are pre-drilled and ready to mount. Hardware not included.

Now you can get your Dock Cushion with recessed solar powered LED lights installed! Illuminate your dock for added safety during boarding and disembarking at night. Easily identify your dock from a distance. Dock Cushion contains 3 recessed warm white LED's and powerful solar panel. Can illuminate for 8 hours after full sunshine charge.

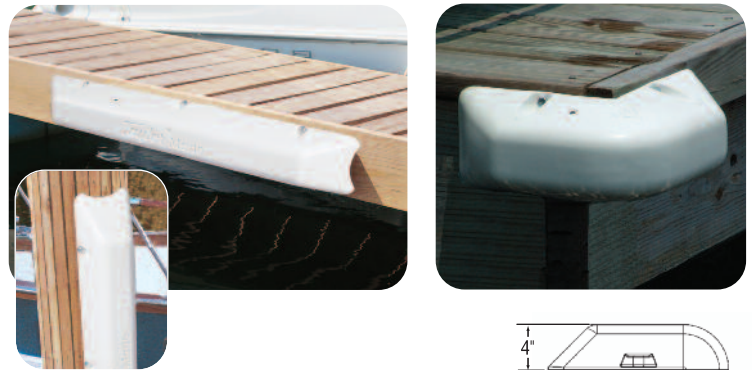

Foam plugs are supplied to give the bumper a clean, finished look.

## Dock Pro™ Heavy-Duty Vinyl Dock Bumpers

Taylor Made now offers the ultimate in versatile, durable docking protection! Dock Pro heavy-duty vinyl bumpers are ideal for rough conditions, and can take a beating. Made from UV resistant, marine-grade vinyl, they provide excellent protection for your boat and dock. Straight piece can be mounted horizontally, or the curved back panel allows for vertical mounting on pilings. Corner piece provides superior impact protection on dock corners. Both bumpers have inflation valves for easy adjustment to desired firmness. Pre-drilled for easy, permanent mounting with plated fasteners.

#45500	35.5" L x 4" D x 5" H	Straight Mount
#45510	13" L x 4" D x 5" H	Corner Mount

## Dock Pro™ Vinyl Dock Bumpers

Protects the side and top of the dock with 1-1/4" cushion above dock level. Made from the same tough marine-grade vinyl as our fenders. Solid flaps attach easily to any dock. Superior cushioning protects boats and docks from each other. Color is permanently molded into the vinyl and will not transfer to the hull.

#46076	Black	Corner mount 10" x 10"
#46081	White	Corner mount 10" x 10"
#46082	White	Straight mount 18"

# Oil-Free D-Icer™ & Accessories

## Why Choose Our Oil-Free D-Icer?

The innovative motor design, high-efficiency, and extra features leave the competition behind. A superior product that costs no more than the competition. It is a powerful submersible motor-driven water circulation unit that prevents ice formation during winter months by continuously propelling warmer subsurface water up to the surface. The D-Icer keeps the area ice-free. It's ideal for use around a boat or dock.

## Unique Design

The unique one-piece design of the shroud prevents large debris from being sucked through and damaging the propeller, a major cause of failure in other ice prevention devices. Optional thermostat control is available, as well as an optional flotation collar to hold the D-Icer near the surface for aerating.

## Product Features:

- **NEW Oil-Free Design** - no chance of oil leaks polluting our environment.
- **More Energy Efficient than Oil-Filled Units** - costs less to operate. Pays for itself.
- **Molded Glass Filled Nylon Shroud** - guides water flow, and blocks debris.
- **Stainless Steel Motor Shaft and Motor Housing** - eliminates corrosion.
- **Dual Internal Seals and Double Lip Shaft Seal** - keep water and dirt out for long life.
- **High Efficiency Motor and High Performance Propeller** - give the most flow for your energy dollars.
- **Continuous Duty 115v or 230v Single Phase Motors** - can run non-stop for years without maintenance.
- **Standard 50' or 100' Field Replaceable Power Cords** - get you to the middle of the slip without modification.
- **Designed for Harsh Saltwater Environment with Renewable Zinc Anode for Corrosion Protection** - thrives in salt or mineral filled water.
- **Easy to Install by One Person** - fast setup allows use as a portable unit.

**2 Year Warranty!**

# Stow 'n Go™ Fiberglass Dock Boxes

With a UV gelcoat finish and the stainless steel lockable latch and hardware these fiberglass dock boxes are built tough. Our dock boxes incorporate gas shock lifts, which come standard on all models. These shocks help to keep your lid open on rocking docks and in higher wind areas and allow for a slower, more controlled closing. These fiberglass molded dock boxes are also constructed with a smooth interior finish which helps prevent splinters in your hands when storing or retrieving your boating accessories.

## Standard Dock Boxes

Provides a large rectangular space in which to store all your boating needs. (2 shocks installed)

Gas shocks come standard on all models.

Heavy duty stainless steel lockable latch and hinges

# Taylorbrite® LED Lighting

## Motion Sensor Post Light

Light turns on automatically at sunset. Light is constant on at dim light (10LM) then brightens (100LM) when it senses motion.

- User replaceable lithium 18500 battery.

Stock No. #46301

## Motion Sensor Overhead Light

Light turns on automatically at sunset. Light is constant on at dim light (15LM) then brightens (135LM) when it senses motion.

- Measures approx.: 6 5/8" L x 4 3/8" W x 2 1/8" (at tallest point)
- User replaceable lithium 18650 battery.

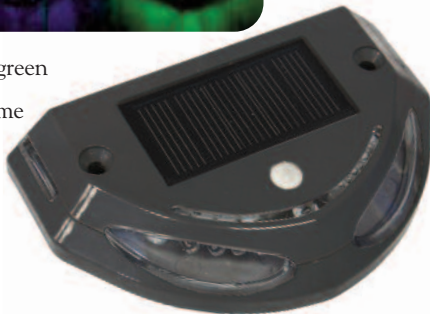

Stock No. #46300

## Dock Light

Built specifically for the marine environment, these surface-mount solar lights automatically provide 8 hours of bright light each night—even after a cloudy day. Their innovative lens design directs the light at the dock, piling or post where it is needed for safety and visibility. Includes a replaceable AAA-size NiMH battery. Waterproof and shock resistant.

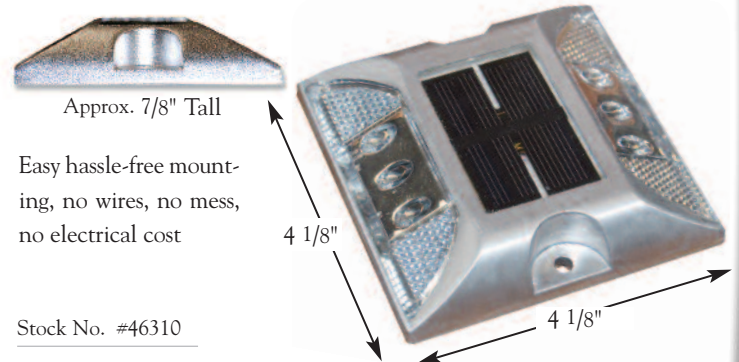

- Glows white, blue or green
- Up to 8 hours burn time
- Rechargeable battery included

Stock No. #46203B

## Aluminum Dock Light

The Marine Grade Solar Deck Lite is an industrial strength solar powered dock light made from anodized aluminum for superior weather resistance in marine environments. IP68 waterproof design. Super bright LEDs, powerful solar panel and changeable AA (NiMH) batteries provide all night illumination. Low-profile design makes these lights perfect for docks and marina applications needing to provide ambient pathway and dock lighting. Added built-in reflectors provide extra safety for passing boaters and makes them ideal for marking swim rafts.

Stock No. #46310

## Recessed Wired Light Set

Recessed lights drop down into a 1" diameter drilled hole to give a clean flush look. Each light is constructed from a stainless steel bezel and a plastic, fully potted body. The solar panel can be positioned remotely, thanks to the 2 meter long lead. The lights are separated by quick disconnects, to make install easy, at a distance of 1.5 meters each.

- 3 AA NiMH user replaceable batteries.
- Lights measure approximately 1 5/8" dia.
- Two extension packs, can be added running a total of nine lights off one solar panel.

Stock No.	Description
#46306	Wired Light Set
#46307	Recessed 3 Pack Extension

Power cords measure approx. 32" long.

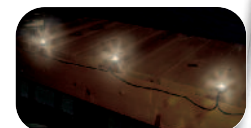

## Surface Mounted LED Light Set

The same style and function of our recessed wired light set, but with no holes to drill. This surface mount light is only 1/2" tall and the side mounted wires allow for a clean appearance.

- 3 AA NiMH user replaceable batteries.
- 3 light extension pack available
- Two extension packs, can be added running a total of nine lights off one solar panel.

Stock No.	Description
#46308	Light Set
#46309	Surface Mount 3 Pack Extension

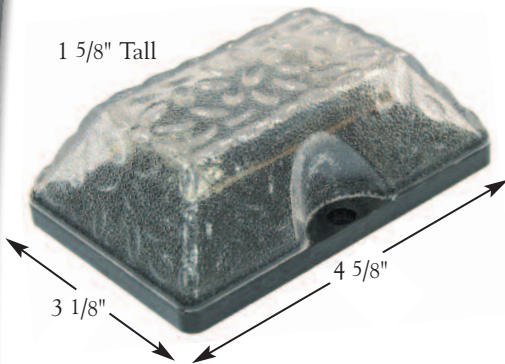

# Taylorbrite® LED Lighting

## Dock Light

The ClearVue Dock Light can be mounted to any flat surface, making it ideal for docks, decks, or walkways. It features four ultra-bright warm white LEDs and a user replaceable AA NiMH battery. The clear plastic lens ensures durability while still allowing the solar panel to properly charge, allowing for 8 hour run times after a full charge.

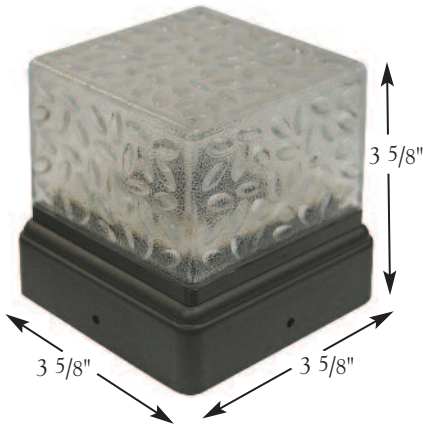

Stock No. #46303

## Square Post Light

The ClearVue Square Post Light is specifically designed to mount on the top of a 4" x 4" post. It features four ultra-bright warm white LEDs and a user replaceable AA NiMH battery. The clear plastic lens ensures durability while still allowing the solar panel to properly charge, allowing for 8 hour run times after a full charge.

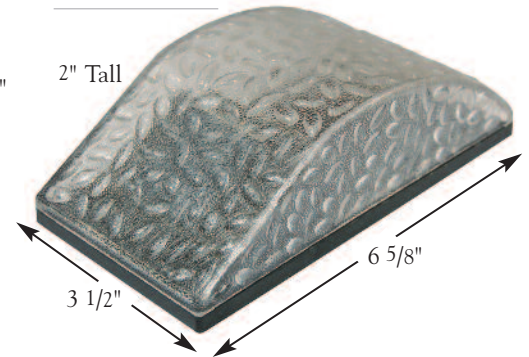

Stock No. #46304

## Side Post Light

The ClearVue Post Light is a unique and elegant solution to down lighting. Simply mount the light to any post and the light will provide a pool of light at the base of the post, where you need it. It features (3) ultra-bright warm white LEDs and a user replaceable AA NiMH battery. The clear plastic lens ensures durability while still allowing the solar panel to properly charge, allowing for 8 hour run times after a full charge.

Stock No. #46305

# Taylorbrite® LED Lighting

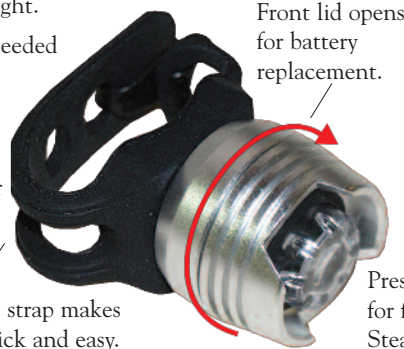

## LED SportSpot Light

- Accommodates square or round tube ( 3/4" up to 1 1/4")
- Multiple Modes: fast flashing, slow flashing, on and off
- 50 hours of steady light/100 hours of flashing light.
- Installs in seconds almost anywhere, no tools needed
- Water resistant
- Small and compact
- Super Bright white LED light
- Batteries included
- 2 pack light set

Stock No.	Description
#2002	Light 2 Pk.

Adjustable locking strap insures a snug fit to square or round tubes.

Quick release strap makes relocating quick and easy.

Press lens (switch) for functions:  
Steady / Flash / Off

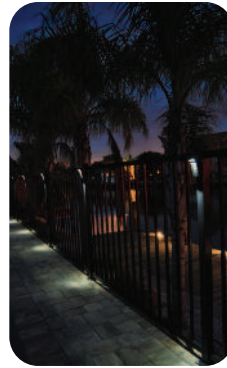

**Illuminate live wells, rod lockers, under seat storage areas and more!**

## LED Solar Piling Light

- 3 Colors Built In with a Push Of A Button (Bright White, Blue, & Green)
- Automatically stays at the last color used
- 3 LEDs Illuminated Simultaneously
- Replaceable AAA NiMH Rechargeable Battery
- Auto On/Off at Dusk and Dawn
- Waterproof For Heavy Rain, Wind, and Snow

Stock No. #46205B

Ideal for docks, decks, walkways and much more!

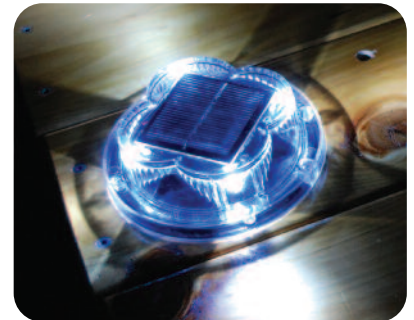

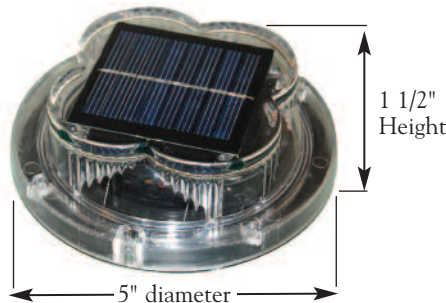

**3 COLOR CHOICES**  
Switch from white to blue to green!

## Solar LED Dock Lights

Solar powered dock light can be easily attached to any flat surface with two 1/4" screws. The light charges during the daytime and automatically turns on at dusk. Features 4 super bright white LEDs, with a clear plastic housing that offers 360 degree illumination. Now includes four rubber feet for movable, non-permanent installations.

**Waterproof & Shock Resistant!**

Stock No. #46109

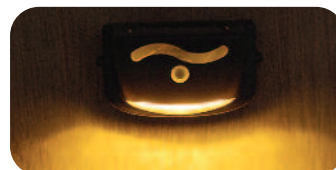

## Solar LED Dock & Deck Light

- 3 Colors Built In With a Push Of A Button
- 3 LEDs Illuminated Simultaneously

## Fabric Comparison Ultima™ vs. Acrylic Fabric

- *Fabric Strength* is a measurement of the breaking strength of the fabric.
- *Tear Resistance* is a measurement of the force required to continue a tear previously started.
- *Hydrostatic Pressure* is a measure of a fabric's resistance to the penetration of water under static pressure.
- *Taber Abrasion* is the wearing away of any part of a material by rubbing against another surface.

# BoatGuard® Boat Covers

## BoatGuard®

BoatGuard® boat covers are America's best selling universal-fit trailerable boat covers. Strong enough to be trailered, and are fully capable of surviving the rigors of the road. BoatGuard® Covers are manufactured from acrylic coated polyester gray Hot Shot™ fabric that is both lightweight and water repellent. Storage bag and tie-downs included.

- Four-ply folded seams and double-folded hems.
- Strong 1" wide tie-down loops to secure the cover without scratching the boat.
- Shock cord in the hem for a close fit.
- Sizes to fit most models.
- 2 Year limited warranty.

# Trailerite® Semi-Custom Boat Covers

Now all Semi-Custom covers include tie-downs and shock cord in hem for a custom fit against your hull

**IMPORTANT:** To choose the correct semi-custom fit cover for your boat, you must know the beam width and center line length of your boat! Taylor Made Products semi-custom boat covers are designed to fit several makes and models of boats with same hull styles. This means that the windshield pocket is in the average position for this range of boats. Your boat may differ.

## ASK US IF WE HAVE A CUSTOM COVER FOR YOUR BOAT!

To order your Trailerite® boat cover in Hot Shot™, use the Taylor Pattern No. with the letter O as a suffix, then the proper color code after the O. For example: 70215OT = Hot Shot in Teal. The different color codes are as follows: Cranberry = Y, Hunter Green = F, Gray = G, Navy = N, Pacific Blue = B, Teal = T and Black = R.

Extra care should be taken to protect your cover from coming into contact with sharp edges such as windshields, accessory brackets, or bow mounted electric trolling motors. Please pad these areas before installing your cover.

**CAUTION:** Over the years, some boat manufacturers occasionally reuse boat model numbers or names. Boats having the same name or model number can actually vary in style or size. ALWAYS MEASURE YOUR BOAT TO BE ABSOLUTELY SURE THAT YOU ARE GETTING THE CORRECT COVER FOR YOUR BOAT!

## V-Hull Runabouts

- Open or closed Bow
- Fits integrated swim platforms and square transoms
- Does not accommodate extended/aftermarket swim platforms
- Bow rails under 6"
- Accommodates low profile accessories and windshields up to 27"
- Sewn in motor hoods

**FEATURING THE LARGEST SELECTION OF NEW MODELS**

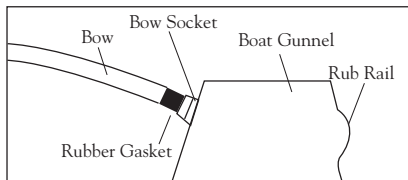

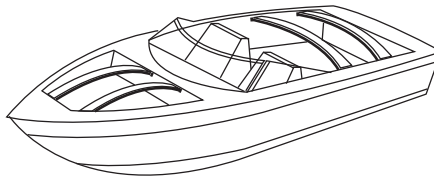

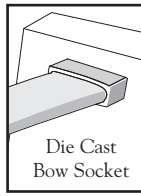

**DON'T FORGET THAT PROPER SUPPORT EXTENDS THE LIFE OF YOUR COVER!**

# Boat Cover Accessories

Bows mounted in bow sockets are the sure and easy way to keep a boat cover taut and free from water-collecting pockets. Sockets can be mounted on any rail system. Rubber gasket provides snug fit for fiberglass bows.

## Die Cast Bow Sockets

- Accepts any bow.
- Chrome-plated.

Stock No.	Description
#935	Die cast bow socket (pair)

## Types of Bows -

Wood Bows are 1 1/2" wide x 5/16" thick

WOODEN BOWS - (Fixed Length)

Stock No.	Length/Packaging	
#928	96"	• Strong
#929	72"	• Resilient
		• Sap-free Poplar wood

FIBERGLASS BOWS

Super strong and flexible. Will not take a "set". Cut to desired length. Shipped with rubber end covers to grab socket. Orange color

Stock No.	Length x Width x Thickness
#924	72" x 1-1/4" x 3/16"
#925	84" x 1-1/4" x 3/16"
#926	96" x 1-1/4" x 3/16"

## Boat Cover Support Pole

This fully adjustable support pole is 3 support poles in one! We supply a male canvas snap, a grommet tip, and a plain end cap with these Super Support Poles. So, if you have a female canvas snap or a grommet on your boat cover, you can get a support that will work with your cover. The pole is aluminum, with a durable plastic adjuster to set the correct height for your cover. Also comes in a 3 piece pole that collapses down to 22" for easier storage.

Stock No. #11992	Super Support Pole, 36" to 64"
Stock No. #11981	3 Piece Support Pole, 22" to 59" - snap and crutch tip only
Stock No. #11991	Adjustable Support Pole, 36" to 64" - snap and crutch tip only

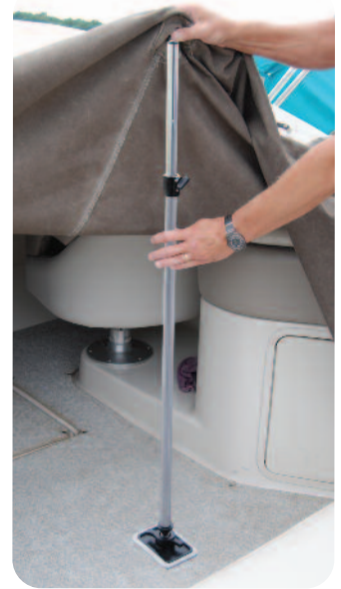

## Boat Cover Support Pole Base Pad

Base is designed for use with all 7/8" diameter (bottom pole) support poles\*. The bottom pad is made for EPDM to provide additional friction to hold pole in place against the deck versus the traditional crutch tip design. In addition, the base pad has a swivel capability that allows the pole to be positioned at just the right angle for your application. Simply remove the bottom tip from your existing support pole and insert over adapter to secure. Sold individually.

Support pole not included.

Stock No. #11976

\*Fits TMP  
Items 11991 & 11992

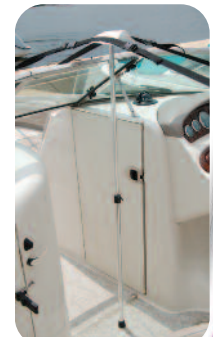

## Boat Cover Support System

Extend the life of your boat cover by preventing water from pocketing. The system includes 50 feet of webbing, quick release buckles, a boat cover support pole that snaps to the webbing, and two hooks to attach to the transom.

**PROPER SUPPORT EXTENDS THE  
LIFE OF YOUR COVER!**

Stock No. #55741

# Boat Cover Accessories

## Boat Vent II

- Installs quickly and easily, with no screws or fasteners.
- venting area provides for greater volume of exhaust air while closing the top to bottom gap - keeping water out!
- Manufactured from a superior grade poly carbonate blend material for strength and UV resistance.
- Accommodates either 3/4" or 7/8" support poles.
- Sold Individually

**PROPER VENTILATION KEEPS BOAT DESTROYING FUNGI FROM ATTACKING YOUR BOAT!**

Stock No. #11982

#1231	Extra #2 brass grommets and washers— 12 sets

## Taylor Super Snap

**Portable and Easy to Use**

Simply place the disk underneath the tarp and slide the loop onto the grooved disk. The Super Snap can be attached either semi-permanently, enabling you to slip the disk on and off as needed, or permanently, using nails, screws, etc. Use the end hook for hanging light objects, or run a line through the hole for heavier objects.

Stock No. #823 (4 per pack)

# Custom Inflatable Boat Covers

Made from our Hot Shot™ marine polyester fabric, these form-fitting covers offer year round protection for your inflatable boat. The fit is custom to your make, model, and year, so they will not wind whip while trailering. Durable Hot Shot™ fabric is acrylic coated 100% polyester and is treated for mold and mildew resistance. Available in all Taylor Made Hot Shot™ colors.

- Available for most makes and models - fits over small consoles and attached outboard motor.
- 6.25 oz/sqyd. material is strong yet lightweight, so its easy to handle and stow.
- Rope, with patented rope lock sewn in hem to ensure a snug fit.
- Heavy-duty construction, with reinforcement patches sewn into the cover where needed for extra protection.

**5 Year  
Limited  
Warranty!**

# T-Top Boat Covers

## T-Top Boat Covers

### For Boats with Fixed T-Tops

- Bow and stern sections zip together; for single person installation.
- “Console tube” secures up underneath the T-Top, protects the center console and will accommodate most sizes and locations of tops and consoles on boats up to 25'4".
- Tie-Downs System included, this system relieves stress on the zippered ends during over the road trailering.
- Now available for boats without bow rails.
- Standard patterns include cut out for single outboard

Without rails

To order your T-Top boat cover in Hot Shot™ colors use the Taylor Pattern No. with the letter O as a suffix, then the proper color code after the O. For example: 74200OIT = Hot Shot in Teal. The different color codes are as follows: Cranberry = Y, Hunter Green = F, Gray = G, Navy = N, Pacific Blue = B, Teal = T and Black = R.

#### No Cut Out Patterns

For boats with sea mount style engine bracket - no cut out in stern section.

#### Dual Cut Out Patterns

For Boats with side by side mount dual outboards - cut out opening in stern section is 50".

## Universal T-Top Center Console Covers

This trailerable T-Top Console cover is secured to the underside of the fixed T-Top structure and will enclose any size console, helm seat and T-Top support combination with a maximum base perimeter (at the deck) of 18' or less. All console covers measure 48"W x 60"L x 66"H

- Adjustable straps allow the cover to conform to most console configurations.
- Boats with smaller consoles and T-Tops can also cover and protect the helm seats.
- Heavy duty marine grade zipper allows easy installation and removal.

Stock No.	Fabric/Color
#67852OB	Hot Shot/Blue
#67852OG	Hot Shot/Grey

# T-Top Accessories

## T-Top Boat Shade Kit "World's Finest Marine Shade"

An economical and versatile way to add shade to the rear of your center console or walk around boat. Our light weight material, "Resilience" has exceptional elasticity and protects against harmful UV rays while reflecting up to 75% of UV heat. Installs within minutes. Kit includes necessary poles and stores easily in it's own bag. Available in 3 sizes.

### Features and Benefits:

- RESILIENCE shades are specifically designed for UV-protection and to handle harsh marine environments.
- RESILIENCE is bonded with an outer UV reflective coating. At 20% stretch, it offers an effective UV block of 98% and it will reflect up to 75% of UV heat.
- RESILIENCE elasticity allows it to fit many size boats, which gives it a custom fit appearance.
- RESILIENCE is extremely breathable and whisper quiet while underway and it can handle speeds up to 30 knots. Because of dark pigments, it holds up to UV rays the longest and provides the most UV protection.
- RESILIENCE has a one year warranty. Shade color: BLACK
- T-top Boat Cover's RESILIENCE shades' qualities and features make this the best product available for sun protection anywhere!

Stock No.	Size (width x length)	Will Stretch to Approx.
#12015	5' W x 4' L	7' W x 6' L
#12016	5' W x 5' L	7' W x 7' L
#12017	5' W x 6' L	7' W x 8' L

**NOTE: If you want to use the shade on the bow, you need to order the next size up.**

For Boats with a beam of less than 10'6"

## T-Top Bow Shade

Quickly gain additional shaded area on your center console boat with a T-top installed. Shade is available in sizes to accommodate boats up to 102" width and extends out to 7 ft. of coverage. Constructed from Hot Shot™ marine grade polyester fabric, the top is strong yet light weight. It is secured to the T-top and bow rails with adjustable straps with quick release buckles for simple and fast installation. Shade folds down to compact size for ease of storage and is available in (9) colors to best match your boat.

**No Poles or Supports necessary!**

# Custom T-Top Boat Covers

*A Durable Cover Built To Last With Easy Installation And Minimal Maintenance.*

Let's face it, cleaning your center console boat after a trip is hard enough without having to clean it again before going out. Not only does your custom T-Top cover allow you to spend more time on the water, your investment is protected by a durable cover — custom fit to your specific boat model. Whether in the sunny South or the snowy North, Taylor Made Products' custom covers protect your boat from harsh elements.

**FOR STORAGE USE ONLY**

- Covering your T-Top center console boat couldn't be any easier. It is an easy, one-person job, so no help is needed.
- Our lightweight center console covers are uniquely designed with webbing straps and adjustable clips that allow for easy positioning and a secure fit on a wide range of T-Top frames.
- Custom Covers attach under your T-Top to keep moisture from forming in your boat.
- You can Install or remove your cover in as little as five minutes.
- T-top Cover Sandbags are recommended for boats on lifts or in dry rack storage situations.

For any additional questions, contact the team at Taylor Made Products.

Via email at: [customercare@ttopcoversforboats.com](mailto:customercare@ttopcoversforboats.com)

By phone at: 1-800-628-5188.

We currently have thousands of boat covers for center consoles with T-Tops on file. Our list of custom patterns is updated often and regularly. If you do not see your make/model be sure to contact us as there is always a possibility that we actually do have it or can get it quiet easily.

## T-Top Boat Cover Accessories

### Sandbags

Each sandbag weighs 7-8 lbs. and has a life jacket buckle connector strap for an easy connection to the cover if you're on a lift or in a dry stack. They come complete with sand and in matching colors.

## Personal Water Craft Custom Covers

Made from our Hot Shot™ marine polyester fabric, these form-fitting covers offer year round protection for your jetski. The fit is custom to your make, model, and year, so they will not wind whip while trailering. Durable Hot Shot™ fabric is acrylic coated 100% polyester and is treated for mold and mildew resistance.

- Cut to fit close for trailering
- Draw rope in the hem
- Available in gray Hot Shot™ fabric. Other colors available for special orders.

# Bimini BoatTops®

Manufactured with the same great features as the current tops, these units are sold with the Frame, Fabric Tops and Storage Boots packaged separately. Frames are available in bright dip Anodized Aluminum or Stainless Steel. Stainless steel frames come with stainless steel fittings, bright dip Anodized Aluminum frames come with Marine Grade Nylon Hardware. Fabric Tops are available in Hot Shot™, Ultima™, or Sunbrella® brand fabrics.

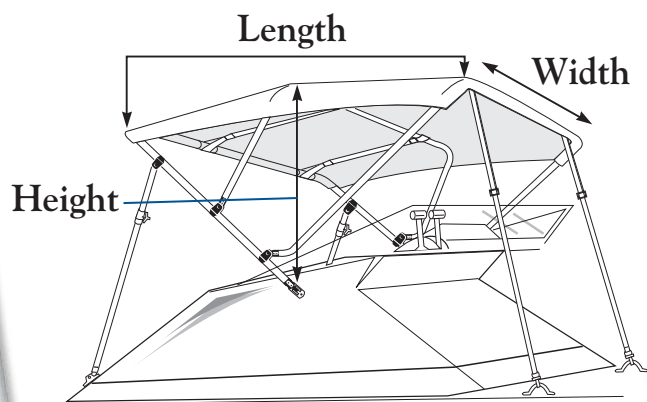

## Selecting the Right Bimini Top & Frame

**\*Remember;** The combination of height and length determine how much shade your Bimini BoatTop® will provide. Think about how you use your boat and what you want to shade; for example, if you want to shade yourself and your children in the back, you probably want the longest Bimini available in a medium height. If you are out fishing by yourself most of the time, you probably want the higher, shorter Bimini BoatTop®.

### Step 1 . . . Select the Frame

1. Determine the length: 4ft, 6ft, or 8ft.
2. Determine the height: 36", 42", or 54" (this is the maximum standing height under the frame; measured from the mounting points).
3. Determine the width: 60" to 103"
  - a. Measure from the mounting point on one side of the boat, to the same location on the opposite side of the boat (this is not the same as "Beam width" or boat width).
  - b. Widths of the Bimini Boat Tops are specified in increments of 6" (choose the width that best matches your mounting point measurement).
  - c. Frames are designed as "knock-down" frames, meaning they snap together via double sided snap buttons.
  - d. 3-Bow or 4-Bow: This refers to the number of bows that make up the frame. 3-bow for the 4 ft and 6 ft length tops, and 4-bow for 8 foot long tops.
  - e. All sizes ship unassembled, via UPS or FedEx.

### Step 2 . . . Select the Fabric:

- Hot Shot™ acrylic coated polyester fabric. Pigment dyed, 6.25 oz/sq yd, treated for water repellency and mildew resistance. Hot Shots™ value to performance ratio makes it ideal as an economical Bimini Top material.
- Ultima™ urethane coated polyester fabric. Solution dyed 7.0 oz/sq yd, tread for water repellency and mildew resistance. The ultimate combination of UV performance and strength!
- Sunbrella® 9oz. solution dyed acrylic, the premier performance fabric for marine applications. With it's legendary combination of durability, water repellency, breathability and beautiful style, Sunbrella® fabric is the perfect material for shading on land or on the water.

#### Hot Shot™

Pacific Blue	Black
Hunter Green	Sand
Charcoal Gray	Teal
Navy	Cranberry

#### Ultima™

Pacific Blue	Black
Hunter Green	Sand
Silver Gray	Teal
Navy	Cranberry

#### Sunbrella®

Pacific Blue	Jet Black
Jockey Red	Linen
Forest Green	Aqua Marine
Cadet Gray	Burgundy
Captain Navy	Natural

### Step 3 . . . Select the Storage Boot

Zippered storage boots provide a convenient way to keep your top clean and neat while being stored. Boot sizes are determined by frame width. Boots are available in the same fabrics as the tops above. All boots feature full length separating zippers for easy on/off.

**ALL BIMINI BOATOPS® SHIP WITHIN 5 BUSINESS DAYS!**

New to our line of fabric tops are pontoon biminis that now accommodate bimini tops with lights. All tops are 8' long and are available in 96" or 102" widths, matching storage boots sold separately. Fabric Tops are available in Hot Shot™, Ultima™, or Sunbrella® brand fabrics. See page 66 for full listing.

## Bimini Support Poles

Keep your Bimini Boatops® off the gunwales with a pair of bimini support poles. Available in adjustable or fixed lengths, use these poles to replace your rear straps and keep your top "up and out of the way." Two jaw slides (7/8") and deck hinge are included.

Stock No.	Description
#11995	Adjustable Bimini support poles (2) 28" to 48"
#11989	Fixed Bimini support poles (2) 40" length

**CAUTION:** These poles should never be used to replace the front support straps. Only the rear straps should be replaced with adjustable support poles. Do not exceed 35 miles per hour while using adjustable Bimini top support poles.

**ALL BIMINI BOATOPS® SHIP WITHIN 5 BUSINESS DAYS!**

# Full Frame Bimini BoatTops®

## Full Frame Bimini BoatTop®

We now offer all of our Taylor Made® Bimini BoatTops in a full frame construction, as opposed to the three-piece knock down construction. The aluminum frames are available in two lengths (6', 8'), two heights (42", 54") and widths ranging from 60" to 103". Frames are 7/8" bright dip anodized aluminum tubing with non-corrosive high-density black nylon fittings. Also available in 36" high (x 4 ft and 6 ft) and 8 ft long (x 42" and 54") Full frame bimini's. Ask your Taylor Made Products representative for a part number listing and pricing. Full frame tops are shipped fully assembled. Truck shipments only.

# Bimini BoaTops®

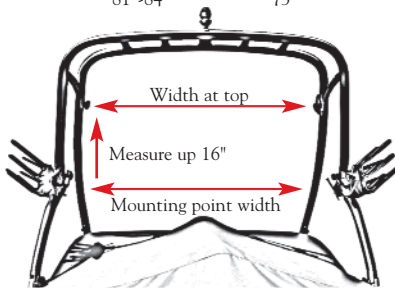

## Tower Bimini Top

These Bimini Tops are designed to mount within the confines of most wake board towers to provide shade for driver and spotter. All tops are 48" long and approximately 16" (from mounting point) and are available in three different widths to best fit most towers. Frame is constructed from bright dip anodized aluminum tubing and uses high quality marine grade hardware. Top features Ultima fabric™ for the best performance in strength, UV stability and longevity and is available in 8 popular colors.

### Choosing the correct size top:

The tops will mount directly onto the tower frame at the center point, so pick the best position on the tower that will provide the best shade to the driver's seat. The tops are low profile at approximately 16" high at the maximum, so be sure that the position will keep the top high enough to clear the driver and spotter when seated. Measure across the tower at the mounting point that has been selected and choose the dimensions from the chart, noting the bimini width that matches your measured width on the tower. Check the width at the top and be sure that the angle of your tower will accommodate that dimension.

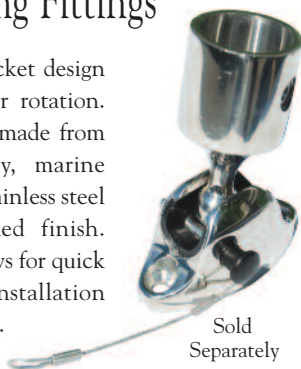

Width at Mount	Width at top
68"-71"	60"
75"-78"	67"

Delrin insert provides smooth, rattle-free top operation.

Stock No. #11752  
Ball Deck Hinge Flat Base - Stainless Steel

# Bimini BoaTops®

## Convertible Bimini Tops

Stay protected from the elements above and beyond the OEM windshield with these uniquely designed tops. They incorporate all Marine Grade fabrics and components including tough water repellant polyester fabric and heavy gauge clear PVC zippered walk-thru section for great visibility. Elastic panels along base section allow tops to universally snap to the windshield with included 3/4" Top Lock stainless steel clips/male snaps. If your windshield is a different size or design, you may need to purchase correct size clips. Frame is constructed of 7/8" diameter Bright-dipped anodized aluminum with nylon fittings and stainless hardware.

**Specifically designed for deep "V" aluminum Fishing Boats with walk-thru windshields.**

- Two-Bow tops extend 48" in length with maximum height approximately 49" above the mounting points with a width of 67"-72".
- Three-Bow tops extend 58" in length with maximum height approximately 47" above the mounting points with a width of 79"-84".
- Available in Pacific Blue or Charcoal Gray

## Pontoon Playpen Shade

A quick easy way to gain additional shaded area on your pontoon boat. Shade is available in sizes to accommodate boats up to 102" width and extends out to 12 ft. of coverage. Constructed from Hot Shot™ marine grade polyester fabric, the top is strong yet light weight. It is secured to the front bow of your existing bimini or hard top and down to the playpen railing with adjustable straps with quick release buckles for simple and fast installation. Shade folds down to compact size for ease of storage and is available in (9) colors to best match your boat. **Not for use while underway.**

## Pontoon Enclosure

### SHADE • SHELTER • PRIVACY

Add all of these great features to your Pontoon Boat

This spacious enclosure fits easily over the bow area of your pontoon boat. Constructed from durable polyester fabric shell (fire retardant) with zippered entryway, mesh windows and supported by a shock-corded fiberglass pole framework. The Enclosure measures approximately 56" deep x 74" tall (varies slightly by beam and railing height) by the width of the playpen area (fits both 96" and 102"). The large interior radius allows you to sit comfortably on existing seating without bending over or crouching down.

After initial installation of permanently mounted hardware, the Pontoon Enclosure sets up easily and comes down in minutes for convenient storage. Comes complete with enclosure, frame, marine grade hardware, storage bag and instructions. Enclosure is available in multiple colors to best match your existing bimini or canvas.

Stock No.	Color

## Pontoon Gazebo

Top accommodates both 96" and 102" wide boats and extends out to 8ft. of coverage. Constructed from Hot Shot™ marine grade polyester fabric, the top is strong yet light weight. It is supported by shock-corded fiberglass pole framework that breaks down for convenient storage. The large interior radius allows you to sit comfortably without bending over and provides excellent head room. After initial installation of permanently mounted hardware to your playpen rail, the Pontoon Gazebo attaches easily and comes down in minutes. Comes complete with shade top, frame, marine grade hardware and storage bag, and is available in (9) colors to best match your boat. The Gazebo measures 8' Long x 102" Wide x approximately 50" High from mounting point.

## Pontoon Fender

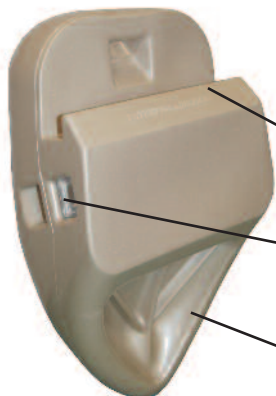

These unique fenders offer a level of protection to areas on the Pontoon boat other fenders can't provide. The Pontoon Fender is specifically designed to fit snugly between the pontoon and the deck of the boat, protecting both from rafting boats, docks, or other objects. All pontoon fenders are made from our own marine-grade, U.V. resistant vinyl and have an integrated rubber football style valve for easy inflation. Measures 9" wide x 16" Long.

Stock No.	Color
#31030	White
#31035	Silver
#31037	Gold

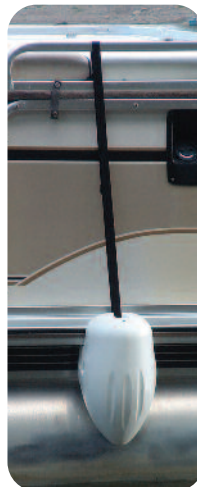

**Now available in GOLD!**

Fender secured under deck.

- Molded in ridge hooks underneath pontoon deck to help secure fender in place.
- Optional securing points to accommodate most styles of pontoon boats.
- Contoured shape helps to hug the rounded shape of the pontoons.

U.S. Patent #6,758,156

## Fence Saver

The Fence Saver secures to the fence or railing and is designed to prevent contact to the delicate aluminum fencing. The fence saver is especially effective preventing those nasty dings that occur when rafting a pontoon boat to a conventional hull boat. Measures 9" wide x 36" Long.

Stock No. #31032 Fence Saver

**Great protection while rafting against other boats!**

## Corner Bumper

This pontoon corner bumper comes shaped to mount on either a radius style or 90° pontoon corners. Bumper mount over the original factory installed aluminum corner section to provide air-cushioning impact protection when docking. Special silver pvc formulated to match the aluminum color of the boat and secures with stainless fasteners. Each measure 3" wide x 12" long.

Stock No.	Description
#31018	Silver/Corner

## Easy Up Privacy Partition

This partition provides privacy from on-lookers while out on the water. It can be installed anywhere under your bimini top or hard top with included straps and hardware. Constructed from "fire retardant" marine grade polyester, it easily secures with UV resistant tie downs and fasteners. Features a full length, heavy duty zipper for easy access and when installed measure 30" wide x 30" deep x 70" tall. Comes in Gray polyester only.

Stock No. #67867

## Pontoon Boat Cover Support System

Extend the life of your pontoon boat cover by preventing water from pocketing. This easily installed system includes two (2) adjustable support poles (bright dip anodized - snap ends). Poles adjust from 27" to 50" maximum height. 60 ft. of 1" polypropylene webbing, quick release adjuster buckles and four injection molded hooks to secure to decking.

Stock No. #55745

## Pontoon Rail Fender Adjuster

Designed specifically for the 1 1/4" square tube rails of Pontoon Boats. The mounting structure clamps securely to square tubing yet can be repositioned quickly and easily. Constructed from durable ABS plastic this fender adjuster allows for simple height adjustment for lines up to 3/8".

Stock No.	Description

#11391	Counter top merchandiser, 36 pieces

# AnchorShade® III

Great  
NEW  
Design!

Hinge Connectors

Powder Coating

Twist Cam-Lock

Sur-Lock Mechanism

“Market Style” Top

Long known for manufacturing quality marine products, Taylor Made Products has re-invented the highly successful Anchorshade. Several important design changes are being introduced, including larger diameter and solid fiberglass structural ribs, and hinge connectors which are twice as strong as on our last model. Also added to these improvements, is a powder-coated aluminum frame (so even if scratched, it will not rust), a 4-point locking height adjuster and a Sur-Lock push-up mechanism. These newest innovations are sure to keep your Anchorshade III looking and working well, for years to come!

This uniquely designed 6ft. x 6ft. square umbrella can be used on almost any vessel from a small fishing boat to the larger high performance boats. AnchorShade®III is designed to be used when anchored or at idle speed on a calm day. AnchorShade®III is perfect for relaxing on the water, at dockside, or just lounging on the beach.

- Adjustable pole locks in place up to 8'.
- Lightweight, mildew/fade resistant UV-treated polyester top.
- Excellent sun protection. Blocks out 85-90% of harmful rays.
- Adjustable straps with non-corrosive hardware provide mounting flexibility for nearly all applications.
- “Market Style” top allows venting to occur without loss of sun protection
- Available in ten (10) dynamic colors to best match your boat.

Comes complete with its own heavy duty carrying case with shoulder strap.

U.S. patent #5,441,066

## Aerators & Fountains - *Environmentally Friendly Oil-Free Design is the Perfect Choice!*

Taylor Made aerators and decorative aerators, commonly called fountains, are simple, mechanical devices. They offer an easy, cost effective solution to water quality problems in ponds and small lakes up to two acres. All models offer high oxygen transfer with low initial and operating costs. They are perfect for back yard ponds, golf course ponds, retention ponds, and ornamental ponds. Fountains offer the same benefits of aeration while providing an attractive display, are ideal for ponds in the public eye. Easy to install by one person.

- **NEW oil-free design** - no chance of oil leaks polluting our environment.
- **Up to 50% more energy efficient than oil filled brands** - costs less to operate.
- **Molded glass filled nylon shroud** - guides water flow, protects fish.
- **Stainless Steel motor shaft and motor housing** - eliminates corrosion.
- **Dual internal seals and double lip shaft seal** - keep water and dirt out for long life.
- **Continuous duty 115v or 230v single-phase motors** - can run non-stop for years without maintenance and are rugged enough for fish farming.
- **Standard 50' or 100' field replaceable power cords** - get you to the middle of pond without modification.

**Complete line  
of Accessories  
available!**

#90242	#90244	3 Cup Holder

**Perfect for your home, boat, RV's and much more!**

## Helm Cushion Mat

Made of a closed cell foam, and a vinyl coated skin with an organic textured pattern. The Helm Cushion is weather resistant in both freshwater and saltwater. The Helm Cushion reduces the amount of impact on your joints as you crash into waves and takes away from standing on your hard deck for hours on end. The Helm Cushion was designed to reduce the amount of vibration transferring from your deck to your legs and provides a comfortable ride on all waters.

Mat measures approx.: 38" x 14" x 2"

Stock No. #47400

- Snaps in each corner can be used for securing the cushion to the deck.
- Reduces stress on the back, legs and feet.

**A thick comfortable pad your feet will enjoy!**

# Aquatic Gear

## Stow 'n Go™ Table

The Stow N' Go Table is the perfect portable fold up table for your picnics at the park, beach or dinner on the dock. The table is lightweight but very sturdy in its build. Plenty big enough for a game of cards, or a lunch table up off the sand.

- Material is durable Polyester Fabric
- Sets up quickly and easily
- Holds up to 30 lbs.
- Collapsible frame makes taking this table anywhere easy.
- Storage bag with zipper and grab handles

Stock No. #7911BS

## Stow 'n Go™ Chair

Enjoy this simple, lightweight chair for a comfortable experience while at the beach, dockside, campsite, or boat. Sit in comfort and style anywhere a chair is needed!

- Seat material is durable Polyester Fabric
- Holds up to 250 lbs.
- Sets up quickly and easily
- Collapsible frame and easy carry bag makes taking this chair anywhere easy.

Stock No. #7910BS

## Collapsible Cooler

This 8 Liter collapsible cooler comes equipped with handles on both sides of the bag for easy transportation. A full zippered top with quick access velcro hatch makes getting into the bag simple and easy.

Measures approx.: 13.5"T x 13"dia.

- Rip/Tear resistant fabric
- Collapses down for easy storage when not in use.
- Lightweight and durable
- Heat sealed liner

Stock No. #7912BS

## Cooler Tote

The Cooler Tote is the perfect, easy to carry cooler for your all day outings to the park, beach, or boat. The front pocket is designed to hold any utensils, electronics, or extras you may be carrying along. # Flag Poles & Accessories

## Charlevoix® Flag Clips

The original Charlevoix Flag Clip ends the trouble of attaching your flag to a standard flag or stern light pole. This simple one-piece clip attaches semi-permanently to your pole and will keep your flag securely in place at speeds up to 50 miles per hour. Flags can be attached or removed in seconds. The clips can also be removed, if desired. Sold in pairs.

Stock No.	Description
#57926	One-piece flag clip fits 3/4" pole
#57928	Fits 7/8" to 1" flag pole

## Charlevoix® Burgee and Antenna Clips

Like Charlevoix Flag Clips, these Burgee & Antenna Clips are designed to allow you to fly your burgee or courtesy flag from your antenna without fear of losing it. These clips fit standard 1/2" burgee poles or 1/2" whip antennae. Neoprene is provided for use with poles on antennae smaller than 1/2".

Stock No.	Description
#57925	Pole/antenna flag clip

## Flag Pole with Charlevoix® Flag Clips

- Clips are designed to clamp tight or spin around the pole.
- Bottom clip and O-ring can be moved to accommodate any size flag.
- Marine grade 3/4" diameter anodized aluminum with nylon flag clips.

Screws not included.

Stock No.	Size
#915	18" flag staff
#916	24" flag staff
#917	30" flag staff
#918	36" flag staff
#919	48" flag staff

## Skipper Flag Clips

Stainless Steel Skipper Clips provide an easy way of attaching flags, canopies, curtains etc. The extended length of these versatile clips reaches grommets 3/4" from fabric edges. Package includes (4) Skipper Clips and self-tapping screw eyes for attachment to wood, metal or fiberglass.

Stock No.	Description
#57933	Skipper Clips w/screw eyes (4 pk.)

#961	7/8" - 1" rails - 1/2" flag staff	#974	1-1/8" - 1-1/4" rails - 1" flag Staff

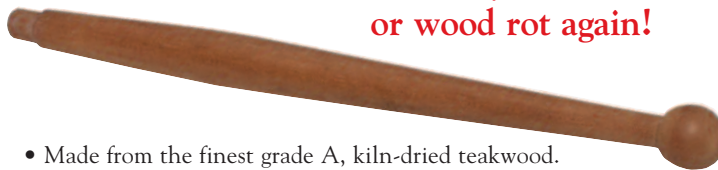

## Teak Flag Poles

Boaters appreciate teak's traditional beauty because of its intricate grain patterns and color variations. The high oil content of the wood keeps it from deteriorating or warping in the harsh marine environment of sun, wind, and water. Teak's natural oils and Silica (sand) make it impervious to insects and wood rot. To maintain the lasting beauty of teak, it should be cleaned using a good teak cleaner and oiled periodically with a quality teak oil.

**Never worry about insects or wood rot again!**

Stock No.	Size (Dia. x Length)
#60749	3/4" x 18"
#60750	1" x 24"
#60752	1" x 30"
#60754	1-1/4" x 36"
#60756	1-1/4" x 48"

- Made from the finest grade A, kiln-dried teakwood.
- Available in 5 lengths from 18" to 48"
- No deteriorating or warping

## Pontoon Flag Pole Socket with Flag

Developed with the Pontoon Boater in mind, this new injection molded, black nylon mount attaches easily to the top of your pontoon railing and features a 10 degree presentation angle. The 3/4" diameter bright dipped anodized aluminum pole simply snaps into the base and features color matched Charlevoix flag clips. The 24" model includes a 12"x18" sewn US Flag. The 30" comes complete with a 16"x24" sewn US Flag.

Stock No.	Description
#921	24" Flag Pole, Mount & 12 x 18 US flag
#922	30" Flag Pole, Mount & 16 x 24 US flag
#921CAN	24" Flag Pole, Mount & 12 x 18 Canadian flag
