KEEL GUARD & PONTOON CORNER-GARD

CLEARVUE™ KEEL GUARD

ClearVue™ Keel Protector has been designed and engineered by boaters for boaters. The Patent Pending extruded PVC part is built tough to withstand harsh outdoor service. We know as well as anyone, that keel protection is extremely important in the longevity and resale value of your boat. The clear, 3M adhered backing will allow you to see any air pockets during installation, which cause a lack of adhesion. Additionally, channels and a center alignment feature molded directly into the part help make installation easier and ensure proper adhesion to the keel of your boat. Eliminate costly hull repairs and protect your investment with ClearVue™ Keel Protector by Taylor Made.
