

SIERRA SWITCHES

Key Product Categories – Sierra Electrical

- Ignition Switches
- Accessory Single and Double Pole Switches
- Fuses/Fuse Blocks/Fuse Holders/Bus Bars and Circuit Breakers
- Oil Pressure and Temperature Senders
- Trolling Motor and Trailer Connectors
- Solenoids/Battery Cables/Trailer Bearings
- Terminals and Connectors
- Can Locks/Glove Box Locks
- Gas Springs

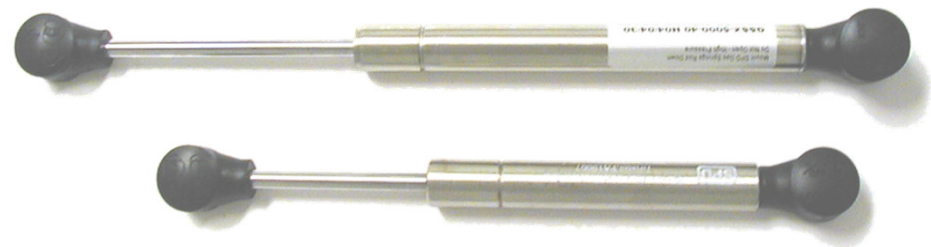

Nautalift - Marine Grade Gas Filled Supports Used by Leading Boat Builders for Over 20 Years

316 Stainless Steel Saltwater Series

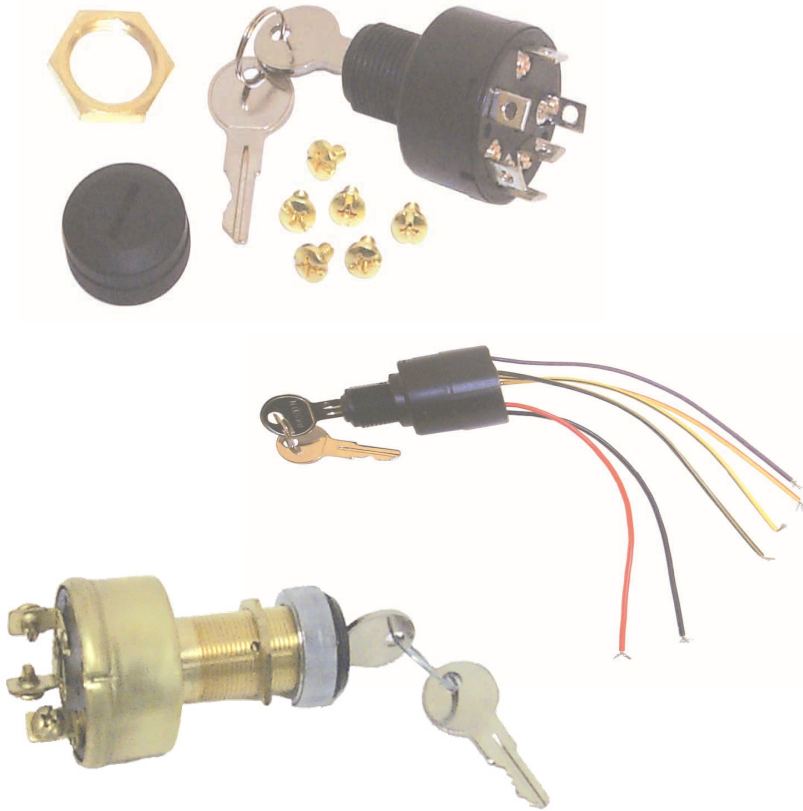

- Stainless steel rod and cylinder
- Bronze bushings

Black Electrostatic Finish Freshwater Series

- Annealed steel rod and nitride coated
- Bronze bushings

Ignition Switches – Glass Filled Polyester & Brass

- Ignition Switches
 - Inboard/Outboard
 - 2, 3 and 4 position
 - Brass & Polyester
 - Potted and terminated
 - Long shank and short shank
 - With or without rubber face nut

Ignition Switches – Direct OEM Replacement

- Sierra Ignition Switches are used by many boat builders as original equipment
- Sierra also offers direct replacement OEM switches for many outboard motors
 - Mercury
 - Suzuki
 - Yamaha
 - Nissan

Ignition Safety Switches

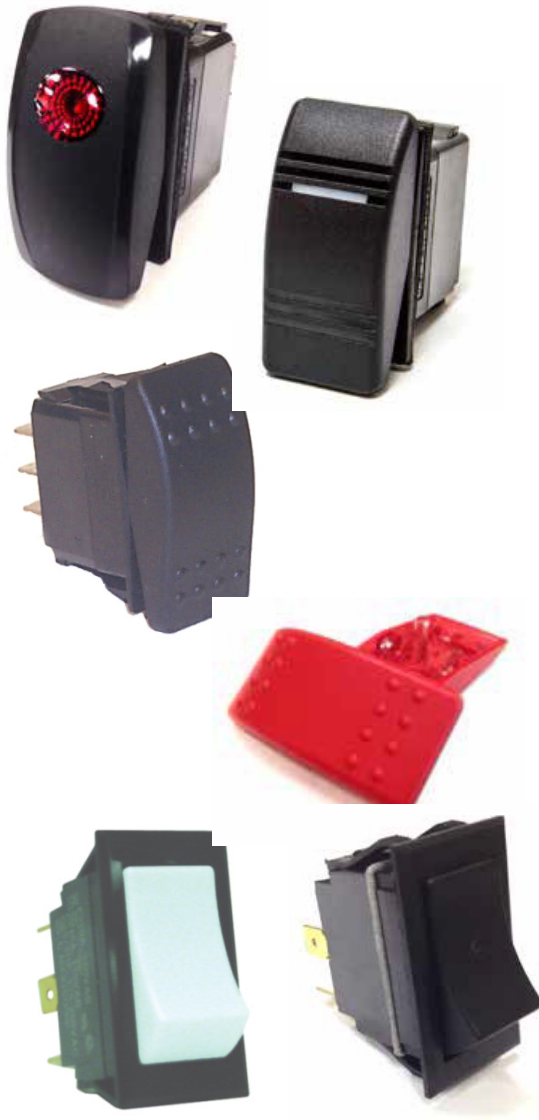

Sierra ignition safety switch can be used with outboard (magneto), or with inboard and I/O (conventional) ignition systems

- Features dual terminals for normally open or normally closed applications
- Direct replacement Delta style switches also available for outboard applications. OMC replacement

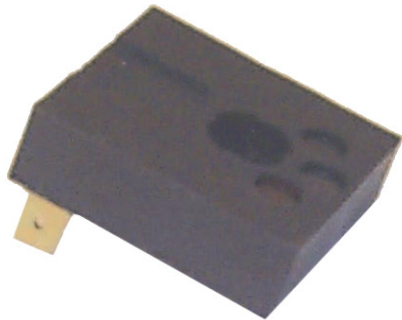

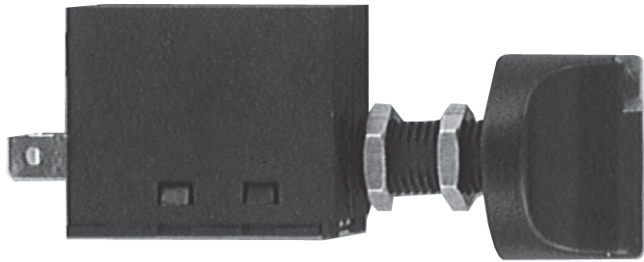

Accessory - Single and Double Pole Switches - Rocker Switches

- Contura Switches
 - Contura 5 - New
 - Contura 3 – LED Illumination
 - Contura 2
 - Replacement Paddles
- Standard Rocker Switches
 - Black or White Actuators
 - Soft Spot, Small Lens or Large Lens Illumination
- Sierra rocker switches are rated 20 Amp @ 12 VDC except as noted

Accessory - Single and Double Pole Switches - RotoSwitch

Light module

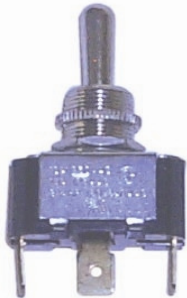

- Sierra Exclusive
- Unique ergonomic design
- Fits same cutout as most toggle switches
- Separate light module optional
- 20 Amp @ 12 VDC

Accessory - Single and Double Pole Switches - Toggle Switches

20 Amp @ 12 VDC Plastic Toggles

- Non-illuminated
- Illuminated Paddle
- Tip Lit Illumination

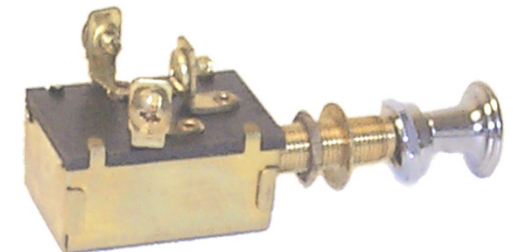

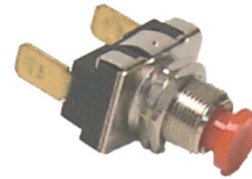

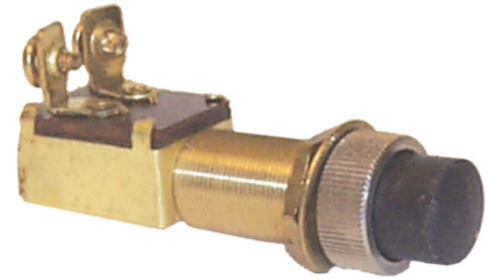

- Metal Toggles HD 25 A @ 12VDC
 - Chrome Plated Brass Stems and Hardware
- Weather Resistant
 - 10" wire leads
 - Plastic coated – seals out moisture
 - 15 A @ 12 VDC

Accessory - Single & Double Pole Switches - Push/Pull & Push Button

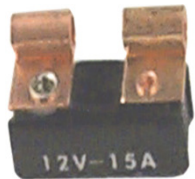

- Traditional Brass Push/Pull
 - Chrome Plated Brass or Plastic Knobs
 - 15 Amp @ 12 VDC
- Push Button Switches
 - Brass or Plastic construction
 - 10 to 35 Amp @ 12 VDC
 - For starters, horns or other momentary applications

Circuit Protection - Fuses & Circuit Breakers

Push button breaker

Bracket mount breaker

60 amp breaker

- Fuses

- AGA, AGC, SFE, MDL, AGU
- ATO, ATM, Maxi, Mega
- Bracket Mount Breakers - Fits glass fuse holders
- High Amp Breakers – up to 60 A
- Toggle Breakers
- Push Button Breakers

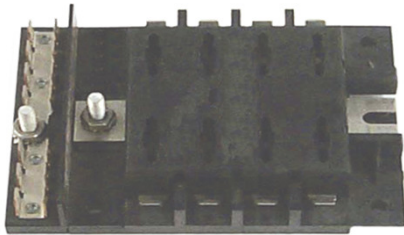

ATO Fuse Assortment

AGC Fuse Assortment

Circuit Protection - Fuse Blocks & Fuse Holders

8 gang fuse ATO/ATC block

Sealed ATO Fuse Holder

Maxi fuse holder

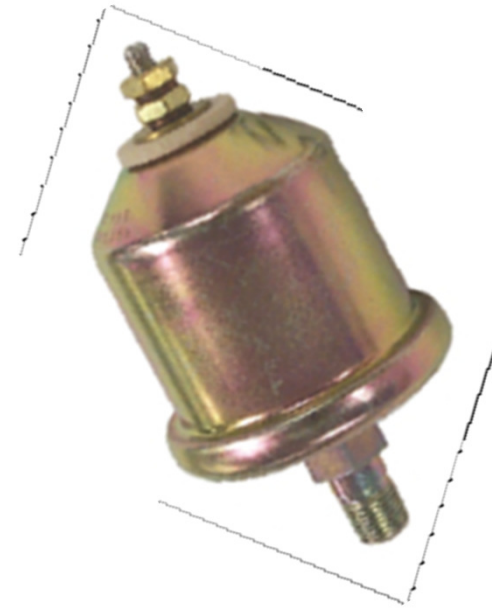

Weather resistant fuse holder
w/ spare fuse compartment

- Fuse Blocks
 - ATO/ATC – 4 to 14 gang
 - Tin plated brass glass fuse blocks
 - Maxi Fuse Holder
- Fuse Holders
 - In Line
 - Panel Mount
 - Weather Proof Available
 - ATO/ATC

Oil Pressure and Temperature Senders

- Oil Pressure Switches – 6 & 15 psi
- Oil Pressure Senders
 - Single Station – 80 & 100 PSI
 - Dual Station – 80 PSI
- Temperature Switches – 200° F trip
- Temperature Senders – 240° F
 - Single Station - 1/8", 1/4", 3/8", 1/2"
 - Dual Station - 1/8", 1/4", 3/8", 1/2"

Trailer Connectors

- Trailer Connectors
 - 4 pole flat
 - 5 pole flat
 - 6 pole Square
- Adapters
 - 7 pole RV blade to 5 pole flat
 - 7 pole RV blade to 4 pole flat
- Polarized Connectors
 - 2, 3, 4 pole round
 - 2 pole flat

Trolling Motor Connectors

- Trolling Motor Plugs
 - 12 and 24 Volt Applications
 - Standard and V-Groove
 - All come with butt connectors
 - 8 gauge or 10 gauge wire

Solenoids

Motor reversing 75A

Weather resistant plastic coating

- Sierra Solenoids
 - 75 Amp motor reversing solenoid for windlass
 - Weather resistant solenoid for maximum protection
 - Grounded and insulated applications

Battery Cables & Trailer Bearings

- Premade Battery Cables

- 2', 4' 6' and 8'
- Red or Black
- 1,2 or 4 Gauge

- Trailer Bearing Kits

- For Straight Spindles – 1", 1 1/16", 1 1/4"
- For Step Spindles – 1 1/4", 3/4" and 1 3/8", 1 1/16"

Terminals and Connectors

- Sierra Terminals and Connectors
 - Waterproof ring and butt connectors
 - Ring, spade, Quick connect, and Bullet Terminals
 - 10 piece clamshells or 100 piece shop packs
 - 175 and 40 piece assortments

Cam Locks and Glove Box Locks

- Cam Locks
 - 3/8" to 1 3/8"
 - Secures drawers, lockers, hatches, etc.

- Glove Box Locks
 - Three styles
 - Locking or non-locking
 - Used by many boat builders
